Senate Approves Tax Bill

Decision To Kill Freight, Travel Levies Ratified

WASHINGTON (AP) — The Senate voted Friday to eliminate 710 million dollars a year in transportation taxes. But it held the line on other forms of taxation in passing an extension bill.

Besides extending the 52 per cent corporation income tax rate for another year, the bill would prevent the excise levy on new automobiles from dropping from 10 to 7 per cent and that on auto parts and accessories from 8 to 5 per cent.

It would also prevent excise or sales taxes on cigarettes from dropping from \$4 to \$3.50 a thousand, on distilled spirits from \$10.50 to \$9 a gallon and on wines by various amounts.

Passage By Voice Vote

If these scheduled tax reductions were permitted to go into effect July 1 it would cost the government \$2,600,000,000 a year in revenue.

The final voice vote passage of the tax bill ratified a Senate decision to eliminate the present 3 per cent tax on freight and the 10 per cent tax on passenger travel of all kinds. The Senate, in a surprise development, had voted Thursday night to drop them.

Now the bill will have to go back to the House, which passed it June 5 but refused to relinquish the transportation taxes.

President Eisenhower has asked Congress not to cut taxes at this time. He says any anti-recession benefits are outweighed by a government need for revenue.

House Has Option

The House can either accept the Senate amendment wiping out the transportation levies or send the whole bill to a Senate-House Conference Committee and try for a compromise.

The transportation taxes apply not only to passenger travel but the movement of all classes of freight by land, water or air.

The repeal would wipe out a tax of 4 cents a ton on coal shipments and a 4 1/2 per cent tax on the cost of transporting oil in pipelines.

Pay Boost Bill Signed By Ike

WASHINGTON (AP)—A 10 per cent pay increase was made official for 1,021,072 government workers throughout the country Friday.

They not only get the 10 per cent pay boost under legislation signed by President Eisenhower but they get a retroactive bundle going back to Jan. 12.

That means extra lump sum checks ranging from \$150 to \$500, and averaging about \$250, to bring the raises up to date.

This windfall is expected to provide an economic shot in the arm to Washington and other cities having big concentrations of federal white collar workers.

Some of the military agencies plan to issue the retroactive pay checks to their civilian employees in the next few days.

Other federal agencies will make the retroactive payments in a few weeks.

The retroactive provision is expected to cost the government an extra 250 million dollars this year in back pay. Over the long haul, the 10 per cent increase will add 542 million dollars to the government's annual pay roll.

Portrait Of War Hero To Be Unveiled Today

PIKESVILLE, Md. (AP) — A portrait of the late 2nd Lt. John J. Pollarine, winner of the highest combat award by a member of the 29th Infantry Division in World War II, will be unveiled Saturday at the National Guard Armory here.

Pollarine was awarded posthumously the Distinguished Service Cross for bravery in the battle to take St. Lo in Normandy.

Boys Home After Unscheduled Cruise

Robert Dichlich (left) and his cousin, Robert Wardell, both 14, are reunited with their parents aboard the liner Ile de France. The youths arrived in New York yesterday from Europe. They had boarded the liner June 3 to see a classmate sail with his parents and found themselves nine hours at sea before they realized the vessel had departed. The liner's return trip brought them home. With young Dichlich is his mother, Mrs. Peter St. George. Wardell is with his mother, Mrs. Robert Wardell. Man in background is Wardell's father. West Ignores Red Parity Bid In A-Ban Talks

WASHINGTON (AP) — The United States Friday sent Russia the names of seven scientists from four Western countries to discuss with specialists from three Soviet-bloc nations ways of policing a ban on nuclear weapons tests.

The 4-to-3 ratio of countries immediately raised the possibility that Moscow might add to its panel a scientist from a fourth Communist country, possibly Red China. Moscow has been insisting on what it calls parity in the talks due to open at Geneva July 1.

The Western panel announced Friday is made up of three scientists from this country, two from Britain and one each from France and Canada. Russia had earlier notified the United States that the Communist panel would be made up of scientists from the Soviet Union, Czechoslovakia and Poland. It had defined the Western group as consisting of U.S.-British and French experts.

In setting forth this 3-to-3 ratio June 13, the Soviet government had ignored U.S. statements that the Western group might include scientists from countries other than the Big Three. Thus Washington had reserved a right to include other countries. Officials had indicated, however, that this would not be done at least at the outset of the talks.

The U.S. note delivered in Moscow also reaffirmed that the Geneva negotiations on means of detecting nuclear explosions should not necessarily lead to an agreement to halt the nuclear tests.

Secretary of State Dulles has said that success in working out an inspection system acceptable to both sides could ease negotiation of a test ban, but the Western Powers have not yet decided that they are prepared to halt testing.

Moscow Mob Smashes Danish Embassy Windows

MOSCOW (AP) — Soviet demonstrators threw stones, broke windows, waved banners and shouted at the Danish Embassy Friday in a protest against what Moscow radio called a "gangsterish attack" on the Soviet Embassy in Copenhagen last Tuesday night by a mob angered by the liquidation of Hungarian ex-Premier Imre Nagy.

Persons at the Danish Embassy said a crowd of 200 to 300 persons marched on the building and kept up a chanting, shouting demonstration for about two hours.

Volleys of stones broke seven windows, and then the crowd hurled some of its anti-Danish banners through the openings. The banners bore such slogans as "Danes are imperialists, friendly to Hungarian rebels."

Danish Ambassador Alex Morch,

Connelly, Caudle Given Reprieve

ST. LOUIS (AP)—Two former Truman administration officials Friday were given an eleventh-hour reprieve from starting their prison sentences on convictions of conspiracy to defraud the government.

Matthew J. Connelly and T. Lamar Caudle thus won time for a trial based on what their attorneys termed new evidence. No date has been set for the hearing on a new trial.

The stay of sentence order issued Friday by Chief Judge Archibald K. Gardner of the 8th U. S. Court of Appeals came just one day before Connelly and Caudle were scheduled to surrender in St. Louis to begin serving two-year prison terms.

Judge Gardner said the stay of prison sentence will be effective until a decision is made on the request for a new trial.

Connelly was White House appointments secretary under former President Truman and Caudle was head of the Justice Department's Tax Division. They were convicted in June 1956.

Wheat Quota System Backed By Farmers

WASHINGTON, June 20 (UPI)—Wheat farmers in 38 states, voting in a national referendum today, apparently overwhelmingly endorsed an extension of the government's rigid marketing program to their 1959 crop.

Returns from 10 states showed 4,174 farmers, or 85.5 per cent of those voting, are in favor of extension and 701 against.

A two-thirds majority is required to extend the quota system for a sixth straight year. About 250,000 votes are expected.

In first returns, only New York and West Virginia farmers failed to support the extension by the required margin.

Officials Hear Ike's Views On World Situation

QUANTICO, Va. (AP) — President Eisenhower gave the military directorate his views on the world situation and the armed forces Friday in an unscheduled half-hour secret address.

The President set forth his views on many subjects, White House press secretary James C. Hagerty reported, but Hagerty declined to detail them in talking to newsmen at the annual Defense Department conference.

For about 2 1/2 hours, the President listened to military, diplomatic and intelligence officials present summaries of situations in their respective fields.

Then Eisenhower was asked to speak. The expectation had been that if he chose to speak at all he probably would limit himself to a few offhand remarks.

Instead, he reportedly explored a wide range of subjects during his 30-minute address.

Hagerty said he couldn't answer questions as to whether Eisenhower talked on the subject of limited war, such as could grow out of the critical Lebanon situation. But in view of Hagerty's reference to a discussion about the world situation, it was assumed that the Middle East must have had a definite place in the President's talk.

About 175 civilian and military leaders of the defense establishment, led by Secretary Neil McElroy, were gathered in the Marine base meeting hall when the President arrived.

From Adm. Felix Stump, commander of all U. S. forces in the Pacific, the President and the conferees heard a summary of the U. S.'s position in that area.

Allen W. Dulles, director of the Central Intelligence Agency, gave to the closed-door meeting a rundown on what his listening posts abroad have reported in recent days.

Strike Of Marine Engineers Settled

NEW YORK (AP)—A five-day-old strike by marine engineers against East and Gulf coast shipowners was settled late Friday.

The strike, by the Marine Engineers Beneficial Assn., could have meant slow paralysis of movements by dry cargo and passenger ships sailing under the American flag.

The MEBA was the last of four maritime unions to reach new work agreements with the shipowners organization, the American Merchant Marine Institute.

New Fighting Ends Uneasy Beirut Truce

Reports Spread Dag Is Annoyed With Government

BEIRUT, Lebanon (AP)—Gunfire broke an uneasy two-day truce while U.N. Secretary General Dag Hammarskjold talked to Premier Sami Solh about the Lebanese rebellion.

The Lebanese government was reported pressing Hammarskjold to recommend a U.N. Emergency Force to patrol the Syrian border. But Hammarskjold—described as somewhat annoyed—was said to believe the U.N. mission should be solely one of observation.

That would leave border policing to the Lebanese, who have charged the rebels are being helped by armed bands and supplies coming from the neighboring Syrian province of the United Arab Republic.

Armored Cars Move In

Fighting that has shaken the pro-Western government of President Camille Chamoun for a month eased off just before Hammarskjold arrived Thursday. Government supporters and opponents presumably had a tacit agreement to make no major attacks during the secretary general's visit.

But fighting broke out in several parts of the city Friday. Armored cars moved into the Tarik Jadida quarter to halt street fighting. There was no immediate report of casualties.

Gunfire also echoed over the Zarif Moslem section and the Mozeitbeh Christian area, adjacent to the Moslem area where opponents of the government are entrenched. The population of Lebanon is approximately half Christian and half Moslem.

Dag Reported Miffed

Hammarskjold, who apparently believes his main function is to organize U.N. border observation work rather than to mediate the dispute, was reported somewhat miffed with the government.

Sources close to the secretary general said he had found the total number of armed insurgents here is only about 5,000, although the government had told him at least that many had entered the country from Syria.

Dulles Voices Trade Act Plea

WASHINGTON (AP) — The Eisenhower administration opened its drive for Senate approval of a five-year extension of the reciprocal trade program.

President Eisenhower won a lopsided 317-98 victory in the House June 11 but is running into trouble with his own party leadership in the Senate. Democratic leaders are supporting the President.

Carrying the administration ball, Secretary of State Dulles went before the Senate Finance Committee Friday with a plea that it would be reckless to discount Soviet Premier Khrushchev's threat of economic war.

"You have heard repeatedly Mr. Khrushchev's threat of 'war' in the peaceful field of trade and his boast that the Soviets will win this war because of the superiority of their system," Dulles said. "I have said before—and I say again—it would be reckless to treat this threat as negligible."

"The strategy of Communist imperialism involves the subversion of country after country until the United States is isolated and subject to economic strangulation," he said.

Hungarian Refugees Stone Soviet Embassy

BONN, Germany (AP)—Hungarian refugees smashed windows of the Soviet Embassy Friday night in protest against the execution of Premier Imre Nagy and his associates in the Hungarian revolt.

A barrage of rocks and bottles of ink crashed through a dozen windows and smeared the walls with ink. Watching Soviet diplomats had to duck away to avoid being hit.

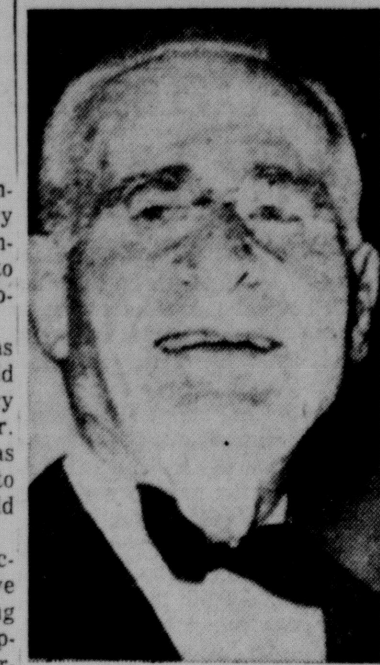

Then the demonstrators—numbering about 400—had a bloody battle with club-swinging police before retreating, carrying their wounded with them. There were several arrests.

Erie, Pa., Bank Robbers Make Clean Getaway

ERIE, Pa. (AP) — Three bank robbers took \$105,000 from a cash depository of the South Side branch of the Union Bank of Erie Friday and made a clean getaway after trussing employees with wire.

The robbers were at the bank when employees arrived. They had entered through rear door after overpowering a janitor who was outside. All were armed with snub-nosed pistols.

The employees were threatened but none was injured. The robbers told them: "Obey orders if you don't want your throat cut."

At gunpoint, Jack Moore, one of the last employees to arrive, turned the depository key over to the trio. They quickly scooped up three bags of currency but in their haste missed another \$75,000.

The trio fled in an auto bearing Pennsylvania license plates. It earlier had been reported stolen from an industrial parking lot in Erie.

Three hours later police found the getaway car parked on a street about four blocks from the bank. There was no further clue as to how the robbers completed their escape.

FBI agents, state police and municipal law enforcement officers joined in a search for the three men.

G.W.'s Gift Sword Brings Ike Quip

WASHINGTON (AP) — President Eisenhower, paying a surprise visit to George Washington's home at Mount Vernon, Va., Friday quipped about a sword Washington received as a gift.

"Do you suppose they investigated him for getting a present?" he said.

The President pointed toward an ornate sword given to Washington by Theophilus Alte, a German admirer.

Eisenhower's quip was an obvious allusion to the furor stirred up by the acceptance of expensive gifts by his chief aide, Sherman Adams, from industrialist Bernard Goldfine.

Herbert Swope, 76, Giant Of U.S. Journalism, Dies

NEW YORK (AP) — Herbert Swope, 76, one of the giants of American journalism during the colorful first quarter of this century, died Friday. He was the first newspaperman ever to win a Pulitzer Prize.

Swope won renown as reporter, city editor and executive editor of the old New York World, then one of the nation's greatest metropolitan newspapers. He was a spark-plug of its operations for 20 years.

Swope left the World in 1929 shortly before it was merged with the Telegram. He was the first chairman of the New York State Racing Commission when it was set up in 1934 and continued in that post for a decade. He helped bring horse racing to its present status as a half-billion-dollar-a-year industry in New York.

Swope had weathered a hernia

WASHINGTON (AP)—The United States asked Moscow Friday night to "take immediate action" toward having nine American military men freed by East Germany.

The Communist East German regime has been holding the nine since their helicopter went down there June 7.

The State Department Friday night asked the Soviet government to have Russian military authorities in East Germany act at once to have them released. Moscow has maintained it has no control over actions of the East German government.

Past Appeals Ignored

Previous U.S. efforts to free the nine and their helicopter by working through the Soviet military command in Germany and by appealing directly to the East German Communist government have been unsuccessful.

Deputy Under Secretary of State Robert Murphy Friday night called Sergei R. Striganov, Soviet embassy counselor, to the State Department and talked to him for possibly half an hour.

Press office Joseph Reap then made this announcement:

"Deputy Under Secretary Murphy made representations urging that the Soviet military authorities in East Germany take immediate action under prevailing agreements to effect the release of United States military personnel and equipment now being held in East Germany."

Agreements Cited

The agreements referred to Reap said, date back to the end of World War II when the victorious powers occupying Germany—Russia, the United States, Britain and France—made arrangements for handling affairs involving military personnel in each other's territories.

Soviet authorities have taken the position that responsibility for releasing the Americans lay with the East German Red regime. This was interpreted as a maneuver to force direct dealing between the United States and the East German regime, which this country does not recognize.

Negroes Riot, Attack Police

ST. LOUIS (AP) — Police cars were stoned and one policeman was injured in an hour-long riot Friday of 35 Negroes over the arrest of two Negro youths on traffic charges.

"Little Little Rock," the jeering Negroes chanted. Two shots were fired from a riot gun to keep the angry crowd of Negroes back. A brick was bounced off the head of one white policeman who also was struck with fists.

Eight Negroes, seven men and a 14-year-old girl, were arrested. The Negroes closed in on a white county policeman who started to arrest the two Negro youths. The policeman, Richard Seeger, 25, said he used a short leather strap, called a "slap strap," when the teen-agers resisted arrest.

Seeger said he had arrested Lee Lawrence, 17, for driving a truck without an operator's license, when another Negro driver spun the wheels of his car and sprayed him with gravel.

Seeger reported that when he started to arrest the other youth, Joseph Rodgers, 19, a scuffle broke out and Lawrence joined in the attack on the policeman.

A list of these proposals probably will be made public soon, the spokesman said, including one from a 12-year-old boy which was so practical the research agency is considering underwriting a career in science for the lad.

Armenian Cardinal Receives New Honor

VATICAN CITY (AP) — Pope Pius XII Friday named Gregory Peter Cardinal Agagianian a member of the Congregation of the Holy Office, high governing body of the Roman Catholic Church.

It was the second high honor this week for the Armenian patriarch and it brought mention of his name, along with those of several other cardinals, in talk about who might be the next Pope.

On Wednesday, Pope Pius appointed 62-year-old Cardinal Agagianian pro-prefect of the Vatican's Congregation for Propagation of the Faith, succeeding the late Samuel Cardinal Stritch, archbishop of Chicago.

Goldfine To Appear Before House Probe Committee On July 1

WASHINGTON (AP)—Sen. Arthur V. Watkins (R-Utah), who recommended Senate censure of Joseph R. McCarthy in 1954, Friday called for the departure of Sherman Adams from his post as President Eisenhower's No. 1 aide.

Watkins asserted Adams' usefulness "is seriously impaired, if not completely destroyed."

Press secretary James C. Hagerty said there was no change in Eisenhower's position since his news conference Wednesday. The President then described Adams as invaluable and said: "I need him."

Adams has given no sign he intends to step out in the furor over his relations with wealthy Boston industrialist Bernard Goldfine.

Three more Republican House members called Friday for Adams to resign. One, Rep. Donald E. Tewes (R-Wis.), predicted that "in keeping with the high standards set by the President, Mr. Adams will soon submit his resignation."

Goldfine To Testify July 1

Adams has acknowledged contacting two federal agencies on behalf of Goldfine while accepting from him hotel hospitality and other favors. Adams has denied any impropriety.

Chairman Oren Harris (D-Ark) of a House commerce subcommittee which is investigating the Adams-Goldfine case told reporters Goldfine will appear before the group July 1. He said Goldfine agreed to bring records along with him.

Eisenhower in December 1954 praised Watkins for "a very splendid job" as chairman of the special committee that recommended condemnation of some of the official conduct of the late Sen. McCarthy (R-Wis.).

The six-man committee acted unanimously.

Watkins was called to the White House to talk with Eisenhower after the committee's recommendations had been approved 67-22 by the Senate.

Harris Disputes White House

Harris, at a news conference, took issue with a White House contention that Goldfine didn't receive preferred treatment from federal agencies.

Harris declined to say whether he believed Adams had violated any law.

Asked whether the matter was being turned over to the attorney general, who reviews cases for possible prosecution, Harris said several federal agencies were getting transcripts of the subcommittee proceedings as a matter of routine. He said that includes the Justice Department.

"In due time," he added, the subcommittee will decide whether to refer any of its cases specifically to the attorney general.

Rep. John Bell Williams (D-Miss), who sat in on Harris' news conference, said he thinks Adams' actions "have reflected on the integrity of the administration... If I were president, I would give him the opportunity to resign, and if he did not, take the necessary action."

Space Man Project Involves Redstone

WASHINGTON (AP) — The Army has put on paper a plan to shoot a man into space in a Redstone missile and then bring him safely back to earth.

A spokesman for the Advanced Research Projects Agency said the Army proposal was one of several space man projects submitted by the Army, Navy and Air Force.

A list of these proposals probably will be made public soon, the spokesman said, including one from a 12-year-old boy which was so practical the research agency is considering underwriting a career in science for the lad.

Hagerty said he couldn't answer questions as to whether Eisenhower talked on the subject of limited war, such as could grow out of the critical Lebanon situation. But in view of Hagerty's reference to a discussion about the world situation, it was assumed that the Middle East must have had a definite place in the President's talk.

About 175 civilian and military leaders of the defense establishment, led by Secretary Neil McElroy, were gathered in the Marine base meeting hall when the President arrived.

From Adm. Felix Stump, commander of all U. S. forces in the Pacific, the President and the conferees heard a summary of the U. S.'s position in that area.

Allen W. Dulles, director of the Central Intelligence Agency, gave to the closed-door meeting a rundown on what his listening posts abroad have reported in recent days.

Pay Boost Bill Signed By Ike

WASHINGTON (AP)—A 10 per cent pay increase was made official by President Eisenhower today when he signed a bill to raise the pay of federal workers throughout the country Friday.

They not only get the 10 per cent pay boost under legislation signed by President Eisenhower but they get a retroactive bundle going back to Jan. 12.

That means extra lump sum checks ranging from \$150 to \$500, and averaging about \$250, to bring the raises up to date.

This windfall is expected to provide an economic shot in the arm to Washington and other cities having big concentrations of federal white collar workers.

Some of the military agencies plan to issue the retroactive pay checks to their civilian employees in the next few days.

Other federal agencies will make the retroactive payments in a few weeks.

The retroactive provision is expected to cost the government an extra 250 million dollars this year in back pay. Over the long haul, the 10 per cent increase will add 542 million dollars to the government's annual pay roll.

Wheat Quota System Backed By Farmers

WASHINGTON, June 20 (UPI)—Wheat farmers in 38 states, voting in a national referendum today, apparently overwhelmingly endorsed an extension of the government's rigid marketing program to their 1959 crop.

Returns from 10 states showed 4,174 farmers, or 85.5 per cent of those voting, are in favor of extension and 701 against.

A two-thirds majority is required to extend the quota system for a sixth straight year. About 250,000 votes are expected.

In first returns, only New York and West Virginia farmers failed to support the extension by the required margin.

Dulles Voices Trade Act Plea

WASHINGTON (AP) — The Eisenhower administration opened its drive for Senate approval of a five-year extension of the reciprocal trade program.

President Eisenhower won a lopsided 317-98 victory in the House June 11 but is running into trouble with his own party leadership in the Senate. Democratic leaders are supporting the President.

Carrying the administration ball Secretary of State Dulles went before the Senate Finance Committee Friday with a plea that it would be reckless to discount Soviet Premier Khrushchev's threat of economic war.

"You have heard repeatedly Mr. Khrushchev's threat of 'war' in the peaceful field of trade and his boast that the Soviets will win this war because of the superiority of their system," Dulles said. "I have said before—and I say again—it would be reckless to treat this threat as negligible."

"The strategy of Communist imperialism involves the subversion of country after country until the United States is isolated and subject to economic strangulation," he said.

G.W.'s Gift Sword Brings Ike Quip

WASHINGTON (AP) — President Eisenhower, paying a surprise visit to George Washington's home at Mount Vernon, Va., Friday quipped about a sword Washington received as a gift.

"Do you suppose they investigated him for getting a present?" he said.

The President pointed toward an ornate sword given to Washington by Theophilus Allen, a German admirer.

Eisenhower's quip was an obvious allusion to the furor stirred up by the acceptance of expensive gifts by his chief aide, Sherman Adams, from industrialist Bernard Goldfine.

Negroes Riot, Attack Police

ST. LOUIS (AP) — Police cars were stoned and one policeman was injured in an hour-long riot Friday of 35 Negroes over the arrest of two Negro youths on traffic charges.

"Little Little Rock," the jeering Negroes chanted. Two shots were fired from a riot gun to keep the angry crowd of Negroes back. A brick was bounced off the head of one white policeman who also was struck with fists.

Eight Negroes, seven men and a 14-year-old girl, were arrested. The Negroes closed in on a white county policeman who started to arrest the two Negro youths. The policeman, Richard Seeger, 25, said he used a short leather strap, called a "slap strap," when the teen-agers resisted arrest.

Seger said he had arrested Lee Lawrence, 17, for driving a truck without an operator's license, when another Negro driver spun the wheels of his car and sprayed him with gravel.

Seger reported that when he started to arrest the other youth, Joseph Rodgers, 19, a juvenile broke out and Lawrence joined in the attack on the policeman.

Space Man Project Involves Redstone

WASHINGTON (AP) — The Army has put on paper a plan to shoot a man into space in a Redstone missile and then bring him safely back to earth.

A spokesman for the Advanced Research Projects Agency said the Army proposal was one of several space man projects submitted by the Army, Navy and Air Force.

A list of these proposals probably will be made public soon, the spokesman said, including one from a 12-year-old boy which was so practical the research agency is considering underwriting a career in science for the lad.

Portrait Of War Hero To Be Unveiled Today

PIKESVILLE, Md. (AP) — A portrait of the late 2nd Lt. John J. Pollarine, winner of the highest combat award by a member of the 29th Infantry Division in World War II, will be unveiled Saturday at the National Guard Armory here.

Pollarine was awarded posthumously the Distinguished Service Cross for bravery in the battle to take St. Lo in Normandy.

Strike Of Marine Engineers Settled

NEW YORK (AP)—A five-day-old strike by marine engineers against East and Gulf coast shipowners was settled late Friday.

The strike, by the Marine Engineers Beneficial Assn., could have meant slow paralysis of movements by dry cargo and passenger ships sailing under the American flag.

The MEBA was the last of four maritime unions to reach new work agreements with the shipowners organization, the American Merchant Marine Institute.

Hungarian Refugees Stone Soviet Embassy

BONN, Germany (AP)—Hungarian refugees smashed windows of the Soviet Embassy Friday night in protest against the execution of Premier Imre Nagy and his associates in the Hungarian revolt.

A barrage of rocks and bottles of ink crashed through a dozen windows and smeared the walls with ink. Watching Soviet diplomats had to duck away to avoid being hit.

Then the demonstrators—numbering about 400—had a bloody battle with club-swinging police before retreating, carrying their wounded with them. There were several arrests.

Herbert Swope, 76, Giant Of U.S. Journalism, Dies

NEW YORK (AP) — Herbert Bayard Swope, 76, one of the giants of American journalism during the colorful first quarter of this century, died Friday. He was the first newspaperman ever to win a Pulitzer Prize.

Swope won renown as reporter, city editor and executive editor of the old New York World, then one of the nation's greatest metropolitan newspapers. He was a spark plug of its operations for 20 years.

Swope left the World in 1929 shortly before it was merged with the Telegram. He was the first chairman of the New York State Racing Commission when it was set up in 1934 and continued in that post for a decade. He helped bring horse racing to its present status as a half-billion-dollar-a-year industry in New York.

Swope had weathered a hernia operation two months ago. On Monday, at Doctors Hospital, he underwent an operation for diverticulitis, an inflammation and abnormal opening, usually in the intestine.

He died at 1:45 p.m. Friday, with his wife and two children at his bedside.

With William Allen White, Swope helped to found the American Society of Newspaper Editors in 1922. He served a term as director of The Associated Press and as president of the old City News Assn., now a part of The AP in New York City.

Swope won the 1917 Pulitzer Prize for dispatches he sent from Germany early in World War I. It was the first of the Pulitzer prizes for reporting and he was the only individual cited that year.

Armenian Cardinal Receives New Honor

VATICAN CITY (AP) — Pope Pius XII Friday named Gregory Peter Cardinal Agagianian a member of the Congregation of the Holy Office, high governing body of the Roman Catholic Church.

It was the second high honor this week for the Armenian patriarch and it brought mention of his name, along with those of several other cardinals, in talk about who might be the next Pope.

On Wednesday, Pope Pius appointed 62-year-old Cardinal Agagianian prosecretary of the Vatican's Congregation for Propagation of the Faith, succeeding the late Samuel Cardinal Stritch, archbishop of Chicago.

McKeldin Urges Hearing For Teacher Under Fire

ANNAPOLIS (AP)—Gov. McKeldin today urged the Prince George's County Board of Education to give a hearing to a Bladensburg school teacher whose resignation was requested by school officials.

The teacher, Alan Goodson, 36, said earlier he plans to take legal action to have his forced resignation set aside. He termed as false charges by school officials that he told his seventh grade social studies classes at Bladensburg Junior High School they should be ashamed to live in America.

In a letter to the Board of Education, McKeldin said he fully recognizes the autonomy of the board but felt he must express his thoughts in the case as governor.

He said he did not know if the board was involved actively in the case. "But since Mr. Goodson apparently feels that he is the victim of an injustice, and that his reputation has been damaged by the action of his superiors, I believe that the board should become involved and that Mr. Goodson should be afforded the right of a hearing at the very least," he said.

The governor said the fact that Goodson may have socialistic views is "entirely irrelevant to the case at hand."

Employment, Jobless Claims Rise In State

BALTIMORE (AP)—The number of employed Maryland workers covered by the State Unemployment Insurance law increased 1,137 or 7.4 per cent last week although jobless claims went up too.

The State Department of Employment Security reported hiring and rehiring of 17,840 workers for the week ended June 14, compared to 16,603 the previous week.

Some 44,462 persons filed claims for jobless insurance, an increase of 3.3 per cent over the 43,057 who filed in the week ending June 7.

Of these, 34,440 actually drew benefits, a rise of 0.1 per cent from the 34,402 the previous week.

"I know many men who today are pillars of free enterprise who, in their twenties, would argue vociferously in the cause of socialism," he said.

He said a hearing would give both school officials and Goodson an opportunity to fully present their cases.

"While my main interest in this is justice for a man whom I do not know, I also am aware that the story as it now stands must have attained a degree of national prominence which is reflection unfavorably on the name of Maryland, with all our boasted leadership in the advocacy of the cause of freedom," McKeldin said.

New Troubles Plague Vanguard

CAPE CANAVERAL, Fla. (AP)—The misfortune - plagued Navy Vanguard program suffered another setback Friday when a rash of technical troubles postponed the latest attempt to launch America's fourth satellite.

The shoot, second in a series of seven designed specifically to place a satellite in orbit, was "scrubbed" at 4:30 a.m. EST some seven hours after it was scheduled to go.

It was learned that the difficulties ranged from small leaks in the fuel system and wire trouble to a major breakdown in one of the key electronic instruments.

The rocket housed a 20-inch, 21½-pound satellite in its pointed nose.

Another attempt to fire Vanguard II is expected next week.

Unemployment Drops

WASHINGTON (AP)—The government reported Friday night that the volume of unemployment among workers insured for jobless payments declined slightly by 10,000 to 2,817,600 during the week ended June 7.

Chris Crosby, Pal Picked Up For 'Joyriding'

LOS ANGELES (AP)—Band leader Bob Crosby's 15-year-old son and a teen-age chum, accused of moving a stranger's 1955 sports car, were released to their parents Friday.

But officers said the boys still have some more explaining to do. Christopher Crosby and his friend Jeff Davison, 16, were picked up early Friday as they were pushing the shiny new car out of the driveway of a Bel-Air district home.

They were booked on suspicion of joyriding—temporarily depriving the owner of the use of his vehicle.

Juvenile officer Edward Hall said he was satisfied with the boys' story that they had stopped only to examine the car and hadn't intended to take it.

He said, however, the case would be referred to the probation division for consideration — and further questioning.

Kier Execution Set For Aug. 1

FREDERICK (AP)—Carl Daniel Kier, lanky 22-year-old handyman, has been ordered to die in the gas chamber during the week of July 28 for the murder of a Baltimore County society matron.

Chief Judge Patrick M. Schnauffer and Associate Judge Thomas M. Anderson signed an order Friday setting the date of execution in the Maryland Penitentiary.

An official at the penitentiary said that Friday, Aug. 1, will be set tentatively for the execution. Kier was convicted of first degree murder twice. He first was found guilty by the Baltimore County Circuit Court and sentenced to die. The Maryland Court of Appeals ordered a retrial on technical grounds.

Kier's lawyers asked that the second trial be somewhere other than Towson. It was held here last October, with the same result. The case once more was appealed, and this time was upheld by the high court.

Kier was convicted of slaying Mrs. John H. Bopst, 49. Her body was found in her fashionable home near Towson on June 12, 1956.

Kier, a Negro, had worked for a short time for Mrs. Bopst, gardening and doing odd jobs.

Peacemaker Slain

BALTIMORE (AP)—Earl Thompson, 17, was stabbed to death Friday as a result of an argument between two players in a West Baltimore card game.

Police were told Thompson tried to serve as a peacemaker when the argument started between two other players. He was wounded in the chest and pronounced dead on arrival at Provident Hospital.

A man was arrested for questioning.

Polish Scientist Who Fled To U.S. Takes New Job

BALTIMORE (AP)—Dr. Jerzy Leon Nowinski, the prominent Polish scientist who fled to this country with his family last fall to escape Communist domination, leaves Baltimore Sunday to accept a new job at the University of Wisconsin.

The 52-year-old mathematician, whose specialty is the field of thermoelasticity — dealing with stresses and strains on metals under varying degrees of temperature, came to this country last November as a lecturer at the invitation of Johns Hopkins University.

On Jan. 3, the State Department announced that he had requested and been granted asylum. His wife and 8-year-old daughter, who had made their way to England, joined him here a short time later.

Dr. Nowinski's contract with Hopkins extended only through the academic year, now ended. He said he accepted the Wisconsin position as a result of negotiations which began before the news of his defection became public.

At the University of Wisconsin, he will work in the mathematics research center which is subsidized by the U.S. Army.

His title will be that of adjunct professor and his work will be chiefly research, perhaps to the exclusion of lecturing.

At Johns Hopkins, he has lectured primarily although he has done some basic research the past three months for the Air Force.

Druggists Curb Sales Of 'Rocket' Chemicals

BALTIMORE (AP)—Maryland druggists plan to restrict the sale of certain chemicals to try to prevent amateur rocket enthusiasts from injuring themselves, the Baltimore Safety Council said Friday.

Under the plan, the council said drug stores throughout the state will refuse to sell 16 different chemicals to minors without the consent and presence of responsible adults.

Joining in the move are the Maryland Pharmaceutical Assn. and the Baltimore Metropolitan Pharmaceutical Assn., the council said.

It said about 90 per cent of the chemicals used in rocket experiments by youngsters are purchased in drug stores.

Short Course 'Grads' Receive Certificates

COLLEGE PARK, Md. (AP)—The 32nd annual Rural Women's Short Course at the University of Maryland ended Friday and Mrs. Walter Mulligan was there as usual.

The resident of nearby North College Park shared veteran honors with Mrs. Grace Day of Edgewood, the oldest "student" at the age of 87. It was only the ninth course for Mrs. Day, however, compared to Mrs. Mulligan's record of attending every one since the inaugural.

Certificates were given by Dr. Paul Nystrom, director of the university's extension service, to 79 women completing four years of study. Another 32 received pins for attending eight years from Margaret T. Lora, assistant home demonstration agent leader.

U.S. Court Reverses NLRB Rule

WASHINGTON (AP)—An unfair labor practice order of the National Labor Relations Board against a West Virginia local of the United Mine Workers was set aside today by the U.S. Court of Appeals.

The board had found that a strike in the winter of 1956 at a mine of the Westmoreland Coal Co. was for the purpose of modifying a collective bargaining agreement between the company and the union. This, the board ruled, was an unfair labor practice of refusing to bargain collectively as provided by the Taft-Hartley Act.

Dividing 2-1 the court said the strike was not against the collective bargaining agreement but an effort of members of Local 9735 to obtain seniority rights for various shifts.

Judge Warren E. Burger, who dissented, said the majority composed of Judges Charles Fahy and J. Warren Madden, departed from "well established limits on our scope of review of board action and substituted its judgment for that of the agency which Congress established to administer the labor act."

Donald Cleveland Enlists In Marines

Donald L. Cleveland, son of Olen B. Cleveland of 'G' Street in Keyser and Mrs. Dorothy S. Raye of Westernport, enlisted for four years in the US Marines, according to S/Sgt. Robert Grayson, local Marine recruiter.

Cleveland was sent to Parris Island for 12 weeks instruction and training in basic military subjects. A better than average aptitude, as shown on his test, will assure him of technical training in one of many fields after completion of four weeks of advanced individual combat training at Camp Lejeune, N. C., Sgt. Grayson said.

Deetz Will Head Painters Union

Joseph Deetz has been elected president of Local 947, Painters, Paperhangers and Decorators Union, here.

Other officers, elected at a meeting Thursday night in the Allegany Labor Temple, are: Charles Sweeney, vice president; John Atkinson, business agent; Ernest Brumage, financial secretary; James Rae, recording secretary; Roger Lancaster, treasurer, and Harry L. Deetz, warden.

Refreshments were served following the meeting.

Parents Night Set For 'Y' Swimmers

A parents' night program will be held Monday at 8 p. m. at Central YMCA for those who took part in the recent learn-to-swim program sponsored by the 'Y.'

A demonstration of the skills learned during the two-week course of instruction will be presented and certificates will be given to those who passed the course.

James H. Fortner, physical director at Central YMCA, said 138 boys and girls took part in the swimming program.

Will Admitted To Probate Here

Board Denies Transfer Of Liquor License

The Allegany County Board of Alcoholic Beverage License Commissioners yesterday issued an opinion in which it decided the board had no authority to transfer the license of the Cumberland Liquor Store, Inc., at 419 Henderson Avenue to new licensees.

Application had been made by Martin Schwartz, Jean W. Schwartz and Leonard Cody for transfer of the license held in the names of Justin J. Grabenstein, Mary E. Carolan and Francis H. Schriver.

When the application was considered at Tuesday's meeting of the board, it developed there were a number of legal questions unsolved and Mary E. Carolan, daughter of Justin J. Grabenstein, appeared with her attorney to object to the transfer.

Milton Gerson, attorney for Mrs. Carolan, said that the application was faulty in that the landlords of the property had not signed the application as required by board regulations.

The three applicants were represented by Clarence Lippel, attorney, who stated that Grabenstein had made an agreement with his clients for the sale of the business to them. Grabenstein had stated he was the majority stockholder in the company. Grabenstein did not appear at the board hearing Tuesday.

The opinion of the board was signed by Stanley O. Hamilton, chairman, and Howard W. Vandegrift and Estel C. Kelley, board members.

Board Discusses Work On Private Driveways

The paving of one private driveway and repairs to another on Hazen Road by the Allegany County Roads Department was the subject of further discussion at yesterday's meeting of the Allegany County Board of Commissioners.

On Tuesday, Commissioner Charles N. Wilkinson reported that he had been told the work had been done while the Hazen Road was being oiled and chipped recently. Commissioner James Orr contacted the department and said the department had told him the work was authorized by J. Walker Chapman, roads supervisor.

Chapman is on vacation and could not be contacted by Orr.

Yesterday, the board had Harry Skelly, assistant roads supervisor, at the meeting to learn further details. Wilkinson inquired as to the work done on private driveways and Skelly listed the two as being at the Cessna and Clauson residences. The work done on the driveways was to be paid for by the two property owners.

Wilkinson said Chapman had ignored requests for road work during the past winter during the heavy snows and asked Skelly what procedure he followed in his work for the department. Skelly said that Chapman was his boss and "I do what I am ordered to do."

Wilkinson took issue with this and said that Skelly was under the jurisdiction of the county commissioners. Skelly said he understood the policy of the board was that no individual commissioner could order work done, but that it had to be by a majority vote of at least two members of the board.

Wilkinson said Chapman had ignored requests for road work during the past winter during the heavy snows and asked Skelly what procedure he followed in his work for the department. Skelly said that Chapman was his boss and "I do what I am ordered to do."

Skelly said he was under the jurisdiction of Chapman and that the roads supervisor in turn was under jurisdiction of the board. Skelly also told Commissioner Wilkinson that during the 1948 to 1950 period the former roads supervisor, John J. Smith, of Mt. Savage, had county road mechanics do work on Smith's privately-owned truck. Smith held the post while Wilkinson was on the board.

Commissioner Wilkinson became vehement in his comments on the way Chapman operated the department and Commissioner Orr cautioned him "not to cuss." Wilkinson told Orr he would do what he wanted.

The entire squabble lasted only a short time with Skelly, Orr and Wilkinson "agreeing" that no work be done on any private property in the future.

McKeldin Urges Hearing For Teacher Under Fire

ANNAPOLIS (AP)—Gov. McKeldin today urged the Prince George's County Board of Education to give a hearing to a Bladensburg school teacher whose resignation was requested by school officials.

The teacher, Alan Goodsaid, 36, said earlier he plans to take legal action to have his forced resignation set aside. He termed as false charges by school officials that he told his seventh grade social studies classes at Bladensburg Junior High School they should be ashamed to live in America.

In a letter to the Board of Education, McKeldin said he fully recognizes the autonomy of the board but felt he must express his thoughts in the case as governor.

He said he did not know if the board was involved actively in the case. "But since Mr. Goodsaid apparently feels that he is the victim of an injustice, and that his reputation has been damaged by the action of his superiors, I believe that the board should become involved and that Mr. Goodsaid should be afforded the right of a hearing at the very least," he said.

The governor said the fact that Goodsaid may have socialistic views is "entirely irrelevant to the case at hand."

"I know many men who today are pillars of free enterprise who, in their twenties, would argue vociferously in the cause of socialism," he said.

He said a hearing would give both school officials and Goodsaid an opportunity to fully present their cases.

"While my main interest in this is justice for a man whom I do not know, I also am aware that the story as it now stands must have attained a degree of national prominence which is reflection unfavorably on the name of Maryland, with all our boasted leadership in the advocacy of the cause of freedom," McKeldin said.

New Troubles Plague Vanguard

CAPE CANAVERAL, Fla. (AP)—The misfortune-plagued Navy Vanguard program suffered another setback Friday when a rash of technical troubles postponed the latest attempt to launch America's fourth satellite.

The shoot, second in a series of seven designed specifically to place a satellite in orbit, was "scrubbed" at 4:30 a.m. EST some seven hours after it was scheduled to go.

It was learned that the difficulties ranged from small leaks in the fuel system and wire trouble to a major breakdown in one of the key electronic instruments.

The rocket housed a 20-inch, 21½-pound satellite in its pointed nose.

Another attempt to fire Vanguard II is expected next week.

Unemployment Drops

WASHINGTON (AP)—The government reported Friday night that the volume of unemployment among workers insured for jobless payments declined slightly by 10,000 to 2,817,600 during the week ended June 7.

Chris Crosby, Pal Picked Up For 'Joyriding'

LOS ANGELES (AP)—Band-leader Bob Crosby's 15-year-old son and a teen-age chum, accused of moving a stranger's 1958 sports car, were released to their parents Friday.

But officers said the boys still have some more explaining to do. Christopher Crosby and his friend Jeff Davison, 16, were picked up early Friday as they assertedly were pushing the shiny new car out of the driveway of a Bel-Air district home.

They were booked on suspicion of joyriding—temporarily depriving the owner of the use of his vehicle.

Juvenile officer Edward Hall said he was satisfied with the boys' story that they had stopped only to examine the car and hadn't intended to take it.

He said, however, the case would be referred to the probation division for consideration—and further questioning.

Kier Execution Set For Aug. 1

FREDERICK (AP)—Carl Daniel Kier, lanky 22-year-old handyman, has been ordered to die in the gas chamber during the week of July 28 for the murder of a Baltimore County society matron.

Chief Judge Patrick M. Schnauffer and Associate Judge Thomas M. Anderson signed an order Friday setting the date of execution in the Maryland Penitentiary.

An official at the penitentiary said that Friday, Aug. 1, will be set tentatively for the execution. Kier was convicted of first degree murder twice. He first was found guilty by the Baltimore County Circuit Court and sentenced to die. The Maryland Court of Appeals ordered a retrial on technical grounds.

Kier's lawyers asked that the second trial be somewhere other than Towson. It was held here last October, with the same result. The case once more was appealed, and this time was upheld by the high court.

Kier was convicted of slaying Mrs. John H. Bopst, 49. Her body was found in her fashionable home near Towson on June 12, 1956.

Kier, a Negro, had worked for a short time for Mrs. Bopst, gardening and doing odd jobs.

Peacemaker Slain

BALTIMORE (AP)—Earl Thompson, 17, was stabbed to death Friday as a result of an argument between two players in a West Baltimore card game.

Police were told Thompson tried to serve as a peacemaker when the argument started between two other players. He was wounded in the chest and pronounced dead on arrival at Provident Hospital.

A man was arrested for questioning.

Polish Scientist Who Fled To U.S. Takes New Job

BALTIMORE (AP)—Dr. Jerzy Leon Nowinski, the prominent Polish scientist who fled to this country with his family last fall to escape Communist domination, leaves Baltimore Sunday to accept a new job at the University of Wisconsin.

The 52-year-old mathematician, whose specialty is the field of thermoelasticity—dealing with stresses and strains on metals under varying degrees of temperature, came to this country last November as a lecturer at the invitation of Johns Hopkins University.

On Jan. 3, the State Department announced that he had requested and been granted asylum. His wife and 8-year-old daughter, who had made their way to England, joined him here a short time later.

Dr. Nowinski's contract with Hopkins extended only through the academic year, now ended. He said he accepted the Wisconsin position as a result of negotiations which began before the news of his defection became public.

At the University of Wisconsin, he will work in the mathematics research center which is subsidized by the U.S. Army.

His title will be that of adjunct professor and his work will be chiefly research, perhaps to the exclusion of lecturing.

At Johns Hopkins, he has lectured primarily although he has done some basic research the past three months for the Air Force.

Druggists Curb Sales Of 'Rocket' Chemicals

BALTIMORE (AP)—Maryland druggists plan to restrict the sale of certain chemicals to try to prevent amateur rocket enthusiasts from injuring themselves, the Baltimore Safety Council said Friday.

Under the plan, the council said drug stores throughout the state will refuse to sell 16 different chemicals to minors without the consent and presence of responsible adults.

Joining in the move are the Maryland Pharmaceutical Assn. and the Baltimore Metropolitan Pharmaceutical Assn., the council said.

It said about 90 per cent of the chemicals used in rocket experiments by youngsters are purchased in drug stores.

Short Course 'Grads' Receive Certificates

COLLEGE PARK, Md. (AP)—The 32nd annual Rural Women's Short Course at the University of Maryland ended Friday and Mrs. Walter Mulligan was there as usual.

The resident of nearby North College Park shared veteran honors with Mrs. Grace Day of Edgewood, the oldest "student" at the age of 87. It was only the ninth course for Mrs. Day, however, compared to Mrs. Mulligan's record of attending every one since the inaugural.

Certificates were given by Dr. Paul Nystrom, director of the university's extension service, to 79 women completing four years of study. Another 32 received pins for attending eight years from Margaret T. Lora, assistant home demonstration agent leader.

U.S. Court Reverses NLRB Rule

WASHINGTON (AP)—An unfair labor practice order of the National Labor Relations Board against a West Virginia local of the United Mine Workers was set aside today by the U.S. Court of Appeals.

The board had found that a strike in the winter of 1956 at a mine of the Westmoreland Coal Co. was for the purpose of modifying a collective bargaining agreement between the company and the union. This, the board ruled, was an unfair labor practice of refusing to bargain collectively as provided by the Taft-Hartley Act.

Dividing 2-1 the court said the strike was not against the collective bargaining agreement but an effort of members of Local 9735 to obtain seniority rights for various shifts.

Judge Warren E. Burger, who dissented, said the majority composed of Judges Charles Fahy and J. Warren Madden, departed from "well established limits on our scope of review of board action and substituted its judgment for that of the agency which Congress established to administer the labor act."

Donald Cleveland Enlists In Marines

Donald L. Cleveland, son of Olen B. Cleveland of 'G' Street in Keyser and Mrs. Dorothy S. Raye of Westernport, enlisted for four years in the US Marines, according to S/Sgt. Robert Grayson, local Marine recruiter.

Cleveland was sent to Parris Island for 12 weeks instruction and training in basic military subjects, as shown on his test, will assure him of technical training in one of many fields after completion of four weeks of advanced individual combat training at Camp Lejeune, N. C., Sgt. Grayson said.

Deetz Will Head Painters Union

Joseph Deetz has been elected president of Local 947, Painters, Paperhangers and Decorators Union, here.

Other officers, elected at a meeting Thursday night in the Allegheny Labor Temple, are:

Charles Sweeney, vice president; John Atkinson, business agent; Ernest Brumage, financial secretary; James Rae, recording secretary; Roger Lancaster, treasurer, and Harry L. Deetz, warren.

Refreshments were served following the meeting.

Parents Night Set For 'Y' Swimmers

A parents' night program will be held Monday at 8 p. m. at Central YMCA for those who took part in the recent learn-to-swim program sponsored by the 'Y.'

A demonstration of the skills learned during the two-week course of instruction will be presented and certificates will be given to those who passed the course.

James H. Fortner, physical director at Central YMCA, said 138 boys and girls took part in the swimming program.

Will Admitted To Probate Here

Board Denies Transfer Of Liquor License

The Allegany County Board of Alcoholic Beverage License Commissioners yesterday issued an opinion in which it decided the board had no authority to transfer the license of the Cumberland Liquor Store, Inc., at 419 Henderson Avenue to new licensees.

Application had been made by Martin Schwartz, Jean W. Schwartz and Leonard Cody for transfer of the license held, in the names of Justin J. Grabenstein, Mary E. Carolan and Francis H. Schriver.

When the application was considered at Tuesday's meeting of the board, it developed there were a number of legal questions unsolved and Mary E. Carolan, daughter of Justin J. Grabenstein, appeared with her attorney to object to the transfer.

Milton Gerson, attorney for Mrs. Carolan, said that the application was faulty in that the landlords of the property had not signed the application as required by board regulations.

The three applicants were represented by Clarence Lippel, attorney, who stated that Grabenstein had made an agreement with his clients for the sale of the business to them. Grabenstein had stated he was the majority stockholder in the company.

Grabenstein did not appear at the board hearing Tuesday.

The opinion of the board was signed by Stanley O. Hamilton, chairman, and Howard W. Vandegrift and Estel C. Kelley, board members.

Board Discusses Work On Private Driveways

The paving of one private driveway and repairs to another on Hazen Road by the Allegany County Roads Department was the subject of further discussion at yesterday's meeting of the Allegany County Board of Commissioners.

On Tuesday, Commissioner Charles N. Wilkinson reported that he had been told the work had been done while the Hazen Road was being oiled and chipped recently.

Commissioner James Orr contacted the department and said the department had told him the work was authorized by J. Walker Chapman, roads supervisor.

Chapman is on vacation and could not be contacted by Orr. Yesterday, the board had Harry Skelly, assistant roads supervisor, at the meeting to learn further details. Wilkinson inquired as to the work done on private driveways and Skelly listed the two as being at the Cessna and Clauson residences. The work done on the driveways was to be paid for by the two property owners.

Wilkinson said Chapman had ignored requests for road work during the past winter during the heavy snows and asked Skelly what procedure he followed in his work for the department. Skelly said that Chapman was his boss and "I do what I am ordered to do."

Wilkinson took issue with this and said that Skelly was under the jurisdiction of the county commissioners. Skelly said he understood the policy of the board was that no individual commissioner could order work done, but that it had to be by a majority vote of at least two members of the board.

Skelly said he was under the jurisdiction of Chapman and that the roads supervisor in turn was under jurisdiction of the board. Skelly also told Commissioner Wilkinson that during the 1943 to 1950 period the former roads supervisor, John J. Smith, of Mt. Savage, had county road mechanics do work on Smith's privately owned truck. Smith held the post while Wilkinson was on the board.

Commissioner Wilkinson became vehement in his comments on the way Chapman operated the department and Commissioner Orr cautioned him "not to cuss." Wilkinson told Orr he would do what he wanted.

The entire squabble lasted only a short time with Skelly, Orr and Wilkinson "agreeing" that no work be done on any private property in the future.

2 Women To Attend Institute

Mrs. William A. Douglas, president of the Southeastern Council, General Federation of Women's Clubs, and Mrs. G. Bates Chaires, both members of the Cumberland Woman's Civic Club, will attend the second annual Adult Education Institute, at the University of Maryland, June 25-27. The institute was started last year under Mrs. Douglas' administration as president of the Maryland Federation of Women's Clubs.

Sponsored by the university, College of Fine Arts and Sciences, College of Business and Public Administration, College of Special and Continuation Studies in cooperation with the Maryland Federation of Women's Clubs the institute is a leadership training program primarily for members of the federation to increase individual leadership skills, to encourage free discussion, to preserve the democratic process, to develop latent talents in the individual, to help develop quick thinking, to help create a better informed citizenry and to build confidence and skill in public speaking.

Continuing last year's theme, "Knowledge Is Power," the keynote address, "Development of Woman Leadership" will be given by Mrs. Agnes E. Meyers, at the banquet Wednesday evening. Dr. Wilson H. Elkins, university president, will extend the welcome and Mrs. Charles O. Middlekauff, University Park, state president, will extend greetings. Mrs. J. Elmo Brogdon, Hyattsville, chairman of the institute will preside.

The program will include "Your Maryland Heritage," "Maryland and the Democratic Tradition" and "Maryland and the Civil War," by Dr. Verne E. Chatelain, professor of history at the university. "The United States in World Affairs," "The Heritage of Our Foreign Policy," and "Polar Politics" by Dr. Elmer Plischke, professor and head of the Department of Government and Politics at the university. Another topic will be parliamentary procedure with Warren L. Strausbaugh, head of the department of speech and dramatic art at the university, discussing, "If the Best Ideas and Justice Are to Prevail, Parliamentary Procedure Is Necessary," and "A sincere effort to better the lot of others and one's own position at the same time is legitimate."

Mrs. Hester B. Provensen, assistant professor of speech, will have as her topic, "Our Speech Is Spun from the Pain of Thought," and "A word fitly spoken is like apples of gold in networks of silver."

The president's reception will be Thursday afternoon and certification exercises, Friday afternoon.

FRESH?

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Genesis	37	5-11
Monday	Exodus	2	1-10
Tuesday	Judges	7	4-8
Wednesday	Ruth	1	15-18
Thursday	Romans	12	9
Friday	Ethier	2	5-11
Saturday	Psalms	119	9-16

Strange word . . . FRESH!

Once it meant *young . . . unspoiled . . . without blemish.*

But American slang has made it the tag of the impudent, the forward, the ruthlessly aggressive youth.

What does this change in a word mean? Do we distrust the young? Do we resent boys and girls today?

On the contrary, it reflects our clearer understanding of our task as parents. For we have given youth greater freedom. But we have understood that this freedom demands careful guidance, particularly in the moral and spiritual realms. We dislike the *fresh* child. He is the evidence of somebody's failure to provide the essential guidance.

So modern America is turning with fervor and confidence to its churches. They provide the religious training that tempers youthful freshness with respect, reverence and faith.

FRESH?

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Genesis	37	5-11
Monday	Exodus	2	1-10
Tuesday	Judges	7	4-8
Wednesday	Ruth	1	15-18
Thursday	Romans	12	9
Friday	Either	2	5-11
Saturday	Psalms	119	9-16

Strange word . . . FRESH!

Once it meant young . . . unspoiled . . . without blemish. But American slang has made it the tag of the impudent, the forward, the ruthlessly aggressive youth.

What does this change in a word mean? Do we distrust the young? Do we resent boys and girls today?

On the contrary, it reflects our clearer understanding of our task as parents. For we have given youth greater freedom. But we have understood that this freedom demands careful guidance, particularly in the moral and spiritual realms. We dislike the *fresh* child. He is the evidence of somebody's failure to provide the essential guidance.

So modern America is turning with fervor and confidence to its churches. They provide the religious training that tempers youthful freshness with respect, reverence and faith.

Recognition For A Patriot

It is good that the Post Office Department has issued a special stamp memorializing the 200th year of Gunston Hall, beautiful home of George Mason of Virginia.

This is especially gratifying to the National Society of the Colonial Dames of America. Gunston Hall was willed to the state of Virginia and to the Colonial Dames who provide the custodianship. Their interest is in preserving the scenes and mementos of the time when the Republic was being formed.

Besides being a beautiful shrine for Americans to visit, Gunston Hall recalls to them the life of one of the nation's greatest and most influential patriots.

George Mason, who grew up when the Colonists were throwing off British rule, was essentially a dissenter. He disliked the way public affairs were conducted, so he refused to take public office. But when his neighbors insisted, he joined the third Virginia Convention as a delegate. It is well that he did.

Mason wrote, and was instrumental in getting adopted, the Virginia Resolves or Declaration of Rights. Jefferson used them in writing the Declaration of Independence and they were the basis of the Bill of Rights which were the first amendments to the Constitution.

When the Constitution was drawn, Mason again was a dissenter. He refused to sign that document. He argued that it was wrong for New England and the South to put their compromises on the tariff and slavery questions in the Constitution.

These Days

By George E. Sokolsky

Japan's Problems

Japan's problem is the same as that of many other nations, namely, that Japan has goods to export and the United States is the best market. As long as the United States remains the best market for manufactured goods, it will attract dumping; however, how long that will be so is dependent upon two circumstances:

1. How many Americans are employed in the United States;
 2. How much the American dollar is worth.
- If five or six million Americans are out of work, partly because too much goods is being imported from other countries, this market will, after a while, not be so good for the exporter; if the American dollar continues to drop in value, Americans will be forced to take steps to protect their economy.

At any rate, from the press agents for the Japan External Trade Recovery Organization comes a bulletin entitled "Jeito," and in it is a statement by Harold F. Wendel, president of Lipman, Wolfe & Co., which is described as the major department store of Portland, Oregon. Mr. Wendel, according to this press agency, makes the original remark:

"America may lose Japan as an ally unless we can expand our trade with that country."

That was true, to my certain knowledge as early as 1915 and is true today, except that the march of invention has practically eliminated Japan's principal export, silk, which was exchanged in this country for cotton. Silk was a splendid product for Japan to export to the United States because we made none of our own and our women consumed huge quantities of it. It was a product which Americans never sought to make although there was a raw silk industry in Italy and France. Then came rayon, nylon and all sorts of synthetic products which our women prefer to silk, particularly as stockings, and the silk industry in Japan suffered even before war obliterated the American market.

The result of this change in the market is that Japan must sell us goods which we ourselves grow and make. At one time, Japan practically had a monopoly of the camphor market of the world, but today synthetic substitutes for camphor abound.

Japan's exports tend more and more to be manufactured goods.

Actually, the United States is a very poor market for Japanese exports, except the muck and truck trade, meaning small items made in small factories and home industries. Such goods also come from Germany and Czechoslovakia. The very best market for Japanese exports is China, including Manchuria, and it was to hold this market that Japan went to war against China twice and Russia twice. It would have been sounder, from an economic as well as historical standpoint, if Japan rather than Soviet Russia had conquered China, if China had to be conquered at all. But the geniuses who presided over American policy in the Roosevelt Administration preferred Communist Russia to capitalist Japan, with the result, that in the year 1958, Harold F. Wendel of Portland, Oregon, can repeat the old refrain that "A country's loyalties will undoubtedly go where her economic interest lies."

In a word, Wendel believes that Japan will be forced to join Red China and Soviet Russia in order to sell her goods on the continent of Asia which needs Japanese goods. And he is correct. The United States actually does not need what Japan makes, but American merchants buy in Japan because of the price factor. Japanese goods are cheaper because Japanese wages are lower, the standard of life is lower, and the people work harder than ours do.

The fact that the United States is the best market means that this country is beset by the political problem of keeping its allies sweet while at the same time keeping Americans at work. Japan, for instance, offers bicycles, motorcycles, cameras, sewing machines, precision instruments, electronic tools of various kinds—all of which are also made in the United States at higher wages, higher costs and higher taxes.

The press agents add Japanese beer and Scotch whiskey, with both of which I am familiar. If one drinks Scotch whiskey, I recommend the kind that comes from Scotland.

Ultimately, Japan will have to build a market in China, India, Indonesia, etc. The plan to build Japan's principal market in the United States is as impractical today as it was in the first two decades of the Twentieth Century.

Adams Case May Spark Some Needed Changes

By David Lawrence

WASHINGTON—Utopia is here.

No longer will there be gifts or campaign contributions to members of Congress that will influence their votes in the slightest. No longer will there be any telephone calls or letters from Congressmen asking executive agencies to do favors for constituents. No campaign contributions running as high as \$5,000 or \$10,000 or \$50,000—and certainly not \$725,000, as in the case of a Senator for whom a single labor union spent that big sum in a recent election—will be accepted hereafter from any source.

Also, no member of the Senate, when interrogating a nominee to an independent board or commission or court, will ever ask questions at a committee hearing that indicate even remotely what kind of decisions are expected of the nominee if he is confirmed. Such pressure will presumably be abandoned hereafter.

Everything seems to have changed as a result of the Sherman Adams case—except one thing. Suspicion still seems to be widely accepted as proof, and innuendo as a substitute for evidence.

But maybe the emergence of the Adams case is an instance of an ill wind that does blow some good. For if all of official Washington now changes its practices, a tremendous gain for unpolluted government will have been achieved.

Sherman Adams says that what he did was "imprudent" but not dishonest. He is right on both counts, but he might also have added that the appearance of imprudence is hindsight. Almost every public official in the elected offices of the federal and state governments has been constantly subjected to pressures from friends to get some action

taken in which the petitioner thinks he is entitled. Even in the absence of any gift or campaign contribution, it's a kind of pressure the public knows little about. How would it look now if the details of every case of pressure on officials in Washington were disclosed in the press?

One editorial in an Eastern newspaper said the other day that it is all right for Senators and Representatives to intercede for their "constituents" but that nobody in the White House has any constituents. This is hardly realistic. Since the Democrats are in control of Congress, many a citizen who is of the opposite party thinks he can get justice only by going to the White House. The President's office is the one place that has millions of "con-

stituents" who seek fair treatment from government for their claims and petitions.

It is being said the Adams case will hurt the Republicans politically. This is a shortsighted view. For if the coming campaign resolves itself into a debate about past favors bestowed or brings up the matter of bribes given, it will merely result in a full and comprehensive discussion of the cases of those Democrats who, in public office, defrauded the government and went to jail for it. The Republicans may find this a rare opportunity next autumn to spread on the record again all the details of the scandals of the Truman Administration which might otherwise have continued to be of little or no value as political ammunition.

Baering Down On The News

By Arthur "Bugs" Baer

That patriot de Gaulle is a fellow who wants to die in harness. With his head toward the wagon.

But don't forget he played William Tell to Petain's Gessler. He yodeled from the mountains and the enemy never did locate the echo with the feather in his hat.

He is entitled to a monument if it's only a snow man in January.

Democrats are ungrateful to its heroes but why stop with France? How about Venezuela showering Veep Nixon with

twenty-four carat dornicks?

The Veep was laying a wreath on the monument to the liberator Bolivar. A man who freed five South American nations.

How is it that no political writer remembered Simon Bolivar died in exile?

So if they do that to their own you can expect anything. We don't say de Gaulle is a Simon Bolivar for he is still in his native country.

We once wrote that a lavalier was a halo that slipped. You can say the same thing of a noose.

Explosive Lebanon Situation Could Become Another Korea

By Drew Pearson

Worry Over Cyprus

WASHINGTON—Here are the explosive events in revolt-torn Lebanon, a 100-mile stretch of Mediterranean Sea coast which could turn into another Korea overnight.

1. Air Force C-124 troop transports are standing by in Germany waiting to airlift Turkish and Iraqi troops into Lebanon if necessary. In addition, the U. S. Sixth Fleet, loaded with 3,000 battle-ready Marines, is cruising within striking distance of the tiny Arab republic. British paratroopers are poised at Cyprus less than 120 miles away. Here are the latest developments in the explosive Lebanese crisis:

2. The United States and Britain have been dickered secretly with Turkey and Iraq to rush troops into Lebanon in case the present revolt should expand into a Middle Eastern war. The allies are determined not to use their own forces except as a last resort. They believe a Middle East war could be better localized if Turkish and Iraqi troops are used. The Air Force has several C-124s ready in Germany to begin an airlift from Baghdad and Ankara to Beirut. In case this should become necessary, the Air Force troop carriers would fly under the operational control of the Sixth Fleet.

Nasser Could Control Oil

3. The west is watching the oil outlets at Tripoli and Sidon on the coast of Lebanon. Rebel troops are holed up in both ports, but the oil flow has not been

cut off. The loss of Lebanon, however, would mean the control of the Lebanese pipeline by dictator Nasser.

This would give him complete control of all outlets into the Mediterranean — through Suez, through Syria, and through Lebanon. It would mean he could turn off western Europe oil supplies as easily as twisting a spigot. As a result, both the United States and Britain have agreed that Lebanon must be saved at all costs. If Turkish and Iraqi troops are not enough, American Marines and British paratroopers will be landed.

4. The British and Americans have been mapping their Lebanese strategy jointly without consulting France. They presumed Premier de Gaulle had enough troubles at home and in Algeria. Anglo-American forces were disconcerted, however, by the unannounced arrival of a French cruiser in Lebanese waters at 3 A. M. Wednesday. The French cruiser notified the Sixth Fleet that it had been ordered into Lebanese waters to evacuate French nationals if it became necessary.

5. Dictator Nasser summoned American Ambassador Raymond Hare to his office this week and gave him a tongue-lashing over the Lebanese crisis. Nasser accused the American Ambassador of having given assurance earlier that the United States regarded the Lebanese crisis as purely a matter of internal Lebanese politics. The Egyptian dictator made it clear that the temporary improvement in relations between the United States and the United Arab Republic was at an end.

6. The British rushed its paratroopers to Cyprus on the pretext they were needed there to police the tiny Mediterranean island. Their chief purpose, however, is to stand by for possible action in Lebanon.

The British are determined not to repeat the same mistakes they made at Suez. The British-French landing in Suez had been delayed a crucial four days while the troops were rushed into position. This gave Nasser time to pull strings in Moscow and Washington to stop the British-French-Israeli invasion which might otherwise have swept over Cairo and taken Nasser before it could be stopped.

The British are also concerned about the Cyprus crisis. They have secretly expressed a fear that Greece might use a Middle East war as an excuse to take over Cyprus. If Turkish troops became involved in Lebanon, the British have been warned privately Greek troops might be rushed to Cyprus.

7. U. S. intelligence reports that the Lebanese rebels are divided into two rival groups. Both groups are getting arms smuggled from Egypt and Syria. Our intelligence estimates that the rebels have enough supplies to hold out for three months, even if the United Nations should succeed in sealing the Lebanese borders.

8. Secretary of State Dulles is particularly apprehensive over the lack of Soviet reaction to British-American moves in the Lebanese crisis. The big worry is what the Russians would do in case of a Turkish-Iraqi or British-American landing at the invitation of the Lebanese Government.

Adm. Charles Brown, commander of the Sixth Fleet, who knows Near East politics as well as he knows the bridge of his flagship, will command any joint British-American military operation that may be undertaken in or around Lebanon.

Merry-Go-Round

Congress is so bogged down with legislation it will not be able to adjourn until mid-August—despite the itch to get out and campaign for the coming elections. . . . Secretary of State Dulles, once worried about de Gaulle, is now feeling better. He thinks de Gaulle may in the end stabilize France. . . . Plans are still under way to make Edward Sparks, the U.S. Ambassador to Venezuela, the goat for the Venezuelan riots against Nixon, despite Sparks' fine record in Bolivia and Guatemala. . . . Walter Reuther's staff has reported to him evidence that General Motors' vice president, Louis Seaton, and Ford vice president, John Bugas, have been holding secret talks on wages. If true, this is a violation of the antitrust act. . . . Internal Revenue is issuing a permanent regulation this month requiring taxpayers to itemize business expenses.

Ding Dong Bell

By Brother Barnabas

Ding, dong, bell,
Pussy's in the well!
Who put her in?
Little Johnny Green.
Who pulled her out?
Little Johnny Stout.

Thereby hangs a tale.

In ancient Biblical times the Israelites often fell in the well, so to speak, and were pulled out by the judges.

The judges were supposed to be on terms of intimacy with God, an Adams-Goldfine intimacy as it were, that guaranteed protection against enemy attack, guidance, and restoration.

It doesn't seem fair to make God an accomplice in any crooked deal, but the mores of the time permitted it, so that even the judges were not without taint in pledging divine assistance to those who came to them for counsel in their wickedness.

A Woman's Way

Deborah was one of the wisest of the judges, and when the Canaanites oppressed the Israelites, she masterminded an attack against them that routed General Sisera's army, sent thousands of them to a watery grave and drove the general to his heels.

When Sisera reached the tent of Mr. and Mrs. Heber, she invited him in with great palaver to rest and recuperate. And when he was sound asleep she drove a tent pin into his temple, and that wasn't a polite thing to do at all.

But Deborah wrote a psalm about it, part of which ran:

"Most blessed of women be Jael, the wife of Heber the Kenite, of tent-dwelling women most blessed" (Judges 5:24).

The scene now shifts to a modern setting.

A Shake-up

Our delightful community has recently become self-conscious. We are bearded, bewildered and befuddled, not knowing where we are at or where we are going, or who our judges are. We're still rubbing our eyes. Some say we are on God's side, others say he is on ours.

We know that our voting machines got the willies and went hop-skip-and-jump down the gamut of candidates, with the net result that if we didn't get what we wanted we got what we deserved.

I say "we" because if I am wrong there are too many of us to lick.

A western cyclone lifted a man's dwelling out of Kansas and planted it on a site in Illinois without damage to any of the furniture or the occupants.

"The Lord surely was with you," remarked a new-found neighbor.

"If he was, he was going some, I'd say."

Whether it was the Lord or the cyclone that performed the miracle is anybody's opinion. Some folks would insist on God taking a loyalty oath and submitting a declaration of principles.

The house landed in a deep gravel pit where there was no place for the children to play or the cows to graze.

Blowing Hot And Cold

These unexpected happenings may be good, or bad, or mixed. It's human nature to mix them. Mankind can blow hot and cold at the same time. You can put a man in a refrigerator and say now sweat. You can be penny-wise and pound foolish.

Some men vote as they feel, some as they think and some as their wives let them.

In times of emergency a Deborah is needed, and when in city management a multitude of hot potatoes are thrown into the lap of the city council it's fortunate to have a woman who knows how to make a salad of them.

Another advantage is when things go wrong there will be a woman to blame. And still another, when the men feel like cussing about the Pyrrhic victory they have won, they will not dare swear in the presence of a lady.

Expectation Runs High

In Greek mythology we have the story of Phaeton who wanted to drive the chariot of the Sun across the sky, a job that only his father Helios would dare undertake. He got his wish. He started out boldly on his journey across the heavens, but very soon lost control of his fiery horses of the sun.

They drew the chariot so low that the mountain tops were scorched and the trees and the grass and the grain in the field were burnt.

When Zeus saw that the whole earth was about to be destroyed he hurled a thunderbolt at Phaeton who fell like a shooting star into the river Po.

With a new pilot at the wheel it is the hope of every good citizen that the chariot of the sun will orbit without misfortune.

So, join up with the "Ins" and the "Outs," and

Try And Stop Me

By Bennett Cerf

Ex-President Harry Truman spent a couple days in New Haven recently, meeting with Yale students and faculty members. As was his wont, he took his vigorous "stroll" each morning, exhausting one and all by his breakneck pace. At a farewell dinner, everybody cheered when Yale Prexy Griswold awarded Mr. Truman a richly deserved varsity "Y" for cross-country.

Red Smith, ace sports writer, had lunch one day with a famous jockey. The jockey firmly declined a very wonderful mint julep. "Thank you, but give me a raincheck," pleaded the jockey. "I'm riding a nag this afternoon, and if I drank one of those juleps, I'm afraid I'd bet on him myself!"

After the late George Jean Nathan had lived in one hotel suite for 30 years, somebody asked, "Isn't it time you were moving?" "Moving," Nathan informed him loftily, "is for sailboats."

SENSITIVE TO ROSE HIPS

G. J. writes: For six months I have been taking vitamin C in rose hips and have developed an allergy to the medicine. Could I be sensitive to the vitamin or to the rose hips?

REPLY

Whose hips? Different vehicles are used in making up medications but I never heard of rose hips in this connection. Why don't you take your vitamin C via orange, grapefruit, or tomato juice?

STEALING

Mrs. M. writes: My 7 year old son takes things that do not belong to him. We give him everything he needs and there is no reason why he should behave in

this way. Have you any suggestions?

REPLY

Stealing at this age usually results from the need for attention. Make certain your boy understands that he is doing wrong and that the practice will not be tolerated. This is the time to teach responsibility.

BLOOD AND HEREDITY

L. T. writes: Are frequent nosebleeds inherited? My two brothers and I get them and so did our father and grandfather.

REPLY

There is a heredity condition that leads to nosebleed — hereditary hemorrhagic telangiectasia. Members of the family come into the world with fragile capillaries that rupture and bleed for little or no reason.

OBESITY AND PRESSURE

Mrs. R. writes: Does overweight cause the blood pressure to rise?

REPLY

There is more to the development of hypertension than obesity but many portly persons have high readings. Send a stamped, addressed envelope for our leaflet on high blood pressure.

WORMINESS

F. J. writes: Do many Americans have worms?

REPLY

Not to speak of. The same cannot be said of countries where the sanitation is poor. The World Health organization estimates the global figure for roundworms to be 600 million.

To the limit of space questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is enclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnosis or prescribe for individual diseases.

Sherman Adams says that what he did was "imprudent" but not dishonest. He is right on both counts, but he might also have added that the appearance of imprudence is hindsight. Almost every public official in the elected offices of the federal and state governments has been constantly subjected to pressures from friends to get some action

taken in which the petitioner thinks he is entitled. Even in the absence of any gift or campaign contribution, it's a kind of pressure the public knows little about. How would it look now if the details of every case of pressure on officials in Washington were disclosed in the press? One editorial in an Eastern newspaper said the other day that it is all right for Senators and Representatives to intercede for their "constituents" but that nobody in the White House has any constituents. This is hardly realistic. Since the Democrats are in control of Congress, many a citizen who is of the opposite party thinks he can get justice only by going to the White House. The President's office is the one place that has millions of "constituents" who seek fair treatment from government for their claims and petitions. It is being said the Adams case will hurt the Republicans politically. This is a shortsighted view. For if the coming campaign resolves itself into a debate about past favors bestowed or brings up the matter of bribes given, it will merely result in a full and comprehensive discussion of the cases of those Democrats who, in public office, defrauded the government and went to jail for it. The Republicans may find this a rare opportunity next autumn to spread on the record again all the details of the scandals of the Truman Administration which might otherwise have continued to be of little or no value as political ammunition.

Baering Down On The News

By Arthur "Bugs" Baer

That patriot de Gaulle is a fellow who wants to die in harness. With his head toward the wagon. But don't forget he played William Tell to Petain's Gessler. He yodeled from the mountain-tops and the enemy never did locate the echo with the feather in its hat. He is entitled to a monument if it's only a snow man in January. Democracies are ungrateful to its heroes but why stop with France? How about Venezuela showering Veep Nixon with twenty-four carat dornicks? The Veep was laying a wreath on the monument to the liberator Bolivar. A man who freed five South American nations. How is it that no political writer remembered Simon Bolivar died in exile? So if they do that to their own you can expect anything. We don't say de Gaulle is a Simon Bolivar for he is still in his native country. We once wrote that a lavalieri was a halo that slipped. You can say the same thing of a noose. (Copyright, 1958, New York Herald Tribune Inc.) (Distributed by United Press International)

Common-Sense Rules For Safe Bicycle Riding

By Dr. Theodore R. Van Dellen

The current back to exercise movement has led many adults to borrow bikes from their children or invest in the newer lightweight models. We hope they remember their age. Pedaling is hard work, especially when going uphill. For years, we have tried to educate our youngsters to be aware of the dangers as well as the pleasure of bike riding. The same applies to adults. There is room on the streets for bikes, autos, and trucks, but the margin of safety is slim. It takes an experienced cyclist to keep his wits in heavy traffic. Less than a week ago a middle-aged man almost got killed as he coasted through a red light. I presume he thought he was im-

mune to traffic regulations. Two days ago I watched a lone cyclist buck the busiest traffic in Chicago. He was bent over like a six day bicycle racer and almost hit two pedestrians trying to beat the lights. This fellow was breaking several rules of the game. These examples may explain why 53,000 Americans were injured in car-bicycle mishaps in 1957. The cyclist should avoid crowds, dismount and walk across the street in heavy traffic, and ride slowly in busy sections. A person on a bike has no protection against other vehicles. Slow down, look, and listen at intersections, give the right of way to motorists and pedestrians, keep to the right of the road, and keep both hands on the handle bars except when signaling to turn or stop. It seems unnecessary to tell an adult to avoid stunt riding, racing, and zigzagging in traffic. Never try to impress the children or grandchildren by carrying passengers, even though there is a temptation to show off. Youngsters mimic their parents even on bicycles. This is the first time since the turn of the century that the majority of American boys and girls have had an opportunity to see dad or mother bike riding. Cycling is wonderful exercise and it is reasonable to assume that if the trend continues, many cities will set aside roads or make paths for those who wish to ride to work or for pleasure. It will make us stronger and help solves the traffic problem.

Try And Stop Me

By Bennett Cerf

Ex-President Harry Truman spent a couple days in New Haven recently, meeting with Yale students and faculty members. As was his wont, he took his vigorous "stroll" each morning, exhausting one and all by his breakneck pace. At a farewell dinner, everybody cheered when Yale Prexy Griswold awarded Mr. Truman a richly deserved varsity "Y" for cross-country. Red Smith, ace sports writer, had lunch one day with a famous jockey. The jockey firmly declined a very wonderful mint julep. "Thank you, but give me a raincheck," pleaded the jockey. "I'm riding a nag this afternoon, and if I drank one of those juleps, I'm afraid I'd bet on him myself!"

After the late George Jean Nathan had lived in one hotel suite for 30 years, somebody asked, "Isn't it time you were moving?" "Moving," Nathan informed him loftily, "is for sailboats."

Explosive Lebanon Situation Could Become Another Korea

By Drew Pearson

Worry Over Cyprus

WASHINGTON.—Here are the explosive events in revolt-torn Lebanon, a 100-mile stretch of Mediterranean Sea coast which could turn into another Korea overnight. 1. Air Force C-124 troop transports are standing by in Germany waiting to airlift Turkish and Iraqi troops into Lebanon if necessary. In addition, the U. S. Sixth Fleet, loaded with 3,000 battle-ready Marines, is cruising within striking distance of the tiny Arab republic. British paratroopers are poised at Cyprus less than 120 miles away. Here are the latest developments in the explosive Lebanese crisis: 2. The United States and Britain have been dickered secretly with Turkey and Iraq to rush troops into Lebanon in case the present revolt should expand into a Middle Eastern war. The allies are determined not to use their own forces except as a last resort. They believe a Middle East war could be better localized if Turkish and Iraqi troops are used. The Air Force has several C-124s ready in Germany to begin an airlift from Baghdad and Ankara to Beirut. In case this should become necessary, the Air Force troop carriers would fly under the operational control of the Sixth Fleet. 3. The west is watching the oil outlets at Tripoli and Sidon on the coast of Lebanon. Rebel troops are holed up in both ports, but the oil flow has not been

cut off. The loss of Lebanon, however, would mean the control of the Lebanese pipeline by dictator Nasser. This would give him complete control of all outlets into the Mediterranean — through Suez, through Syria, and through Lebanon. It would mean he could turn off western Europe oil supplies as easily as twisting a spigot. As a result, both the United States and Britain have agreed that Lebanon must be saved at all costs. If Turkish and Iraqi troops are not enough, American Marines and British paratroopers will be landed. 4. The British and Americans have been mapping their Lebanese strategy jointly without consulting France. They presumed Premier de Gaulle had enough troubles at home and in Algeria. Anglo-American forces were disconcerted, however, by the unannounced arrival of a French cruiser in Lebanese waters at 3 A. M. Wednesday. The French cruiser notified the Sixth Fleet that it had been ordered into Lebanese waters to evacuate French nationals if it became necessary. 5. Dictator Nasser summoned American Ambassador Raymond Hare to his office this week and gave him a tongue-lashing over the Lebanese crisis. Nasser accused the American Ambassador of having given assurance earlier that the United States regarded the Lebanese crisis as purely a matter of internal Lebanese politics. The Egyptian dictator made it clear that the temporary improvement in relations between the United States and the United Arab Republic was at an end. 6. The British rushed its paratroopers to Cyprus on the pretext they were needed there to police the tiny Mediterranean island. Their chief purpose, however, is to stand by for possible action in Lebanon. The British are determined not to repeat the same mistakes they made at Suez. The British-French landing in Suez had been delayed a crucial four days while the troops were rushed into position. This gave Nasser time to pull strings in Moscow and Washington to stop the British-French-Israeli invasion which might otherwise have swept over Cairo and taken Nasser before it could be stopped.

Congress is so bogged down with legislation it will not be able to adjourn until mid-August —despite the itch to get out and campaign for the coming elections. . . . Secretary of State Dulles, once worried about de Gaulle, is now feeling better. He thinks de Gaulle may in the end stabilize France. . . . Plans are still under way to make Edward Sparks, the U.S. Ambassador to Venezuela, the goat for the Venezuelan riots against Nixon, despite Sparks' fine record in Bolivia and Guatemala. . . . Walter Reuther's staff has reported to him evidence that General Motors' vice president, Louis Seaton, and Ford vice president, John Bugas, have been holding secret talks on wages. If true, this is a violation of the antitrust act. . . . Internal Revenue is issuing a permanent regulation this month requiring taxpayers to itemize business expenses. Ding Dong Bell

By Brother Barnabas

Ding, dong, bell. Pussy's in the well! Who put her in? Little Johnny Green. Who pulled her out? Little Johnny Stout. Thereby hangs a tale. In ancient Biblical times the Israelites often fell in the well, so to speak, and were pulled out by the judges. The judges were supposed to be on terms of intimacy with God, an Adams-Goldmine intimacy as it were, that guaranteed protection against enemy attack, guidance, and restoration. It doesn't seem fair to make God an accomplice in any crooked deal, but the mores of the time permitted it, so that even the judges were not without taint in pledging divine assistance to those who came to them for counsel in their wickedness. A Woman's Way Deborah was one of the wisest of the judges, and when the Canaanites oppressed the Israelites, she masterminded an attack against them that routed General Sisera's army, sent thousands of them to a watery grave and drove the general to his heels. When Sisera reached the tent of Mr. and Mrs. Heber, she invited him in with great palaver to rest and recuperate. And when he was sound asleep she drove a tent pin into his temple, and that wasn't a polite thing to do at all. But Deborah wrote a psalm about it, part of which ran: "Most blessed of women be Jael, the wife of Heber the Kenite, of tent-dwelling women most blessed" (Judges 5:24).

The scene now shifts to a modern setting. A Shake-up Our delightful community has recently become self-conscious. We are beaddled, bewildered and befuddled, not knowing where we are at or where we are going, or who our judges are. We're still rubbing our eyes. Some say we are on God's side, others say he is on ours. We know that our voting machines got the willies and went hop-skip-and jump down the gamut of candidates, with the net result that if we didn't get what we wanted we got what we deserved. I say "we" because if I am wrong there are too many of us to lick. A western cyclone lifted a man's dwelling out of Kansas and planted it on a site in Illinois without damage to any of the furniture or the occupants. "The Lord surely was with you," remarked a new-found neighbor.

"If he was, he was going some, I'd say." Whether it was the Lord or the cyclone that performed the miracle is anybody's opinion. Some folks would insist on God taking a loyalty oath and submitting a declaration of principles. The house landed in a deep gravel pit where there was no place for the children to play or the cows to graze. Blowing Hot And Cold These unexpected happenings may be good, or bad, or mixed. It's human nature to mix them. Mankind can blow hot and cold at the same time. You can put a man in a refrigerator and say now sweat. You can be penny-wise and pound foolish. Some men vote as they feel, some as they think and some as their wives tell them. In times of emergency a Deborah is needed, and when in city management a multitude of hot potatoes are thrown into the lap of the city council it's fortunate to have a woman who knows how to make a salad of them. Another advantage is when things go wrong there will be a woman to blame. And still another, when the men feel like cussing about the Pyrrhic victory they have won, they will not dare swear in the presence of a lady. Expectation Runs High In Greek mythology we have the story of Phaeton who wanted to drive the chariot of the Sun across the sky, a job that only his father Helios would dare undertake. He got his wish. He started out boldly on his journey across the heavens, but very soon lost control of his fiery horses of the sun. They drew the chariot so low that the mountain tops were scorched and the trees and the grass and the grain in the field were burnt. When Zeus saw that the whole earth was about to be destroyed he hurled a thunderbolt at Phaeton who fell like a shooting star into the river Po. With a new pilot at the wheel it is the hope of every good citizen that the chariot of the sun will orbit without misfortune. So join up with the "Ins" and the "Outs" and BROTHER BARNABAS

You're Telling Me By William Ritt The revolt of the machines must have begun—a Lincoln, Neb., man was nicked twice in the same day by his lawn mower. When an Australian motorist suddenly stopped his auto, 40 other cars crashed into each other. They certainly do things with a bang Down Under!

Bottom Of Ninth

PITTSBURGH (AP) — George Witt, recalled by the Pittsburgh Pirates from Columbus last Sunday, stopped the Los Angeles Dodgers 2-1 Friday night on six hits for his first major league victory.

The 24-year-old righthander retired the first 13 batters with the help of a pickoff play on an attempted steal before Norman Larker singled to left in the fifth. That apparently rattled the rookie hurler for Don Zimmer and Dick Gray followed with singles to send Larker across with a Dodger run, but he got the next two batters on strikeouts.

Aaron Hits Grand Slammer, Braves Win, 7-3

MILWAUKEE (AP) — Hank Aaron broke out of an extended slump long enough Friday night to club an eighth inning grand slam homer as the Milwaukee Braves beat the St. Louis Cardinals 7-3, and pulled three games out in front in the National League race.

The blast by Aaron, over the center field fence, was the 11th by the Milwaukee right fielder and the third of the ball game for the Braves. Ed Mathews unloaded a two-run blast and Johnny Logan parked a solo shot in the left field bleachers.

Carole Pushing Wins Golf Title

Beats Judy Bell
In 19-Hole Duel

AMES, Iowa (AP) — Carole Pushing, a charming 18-year-old Carleton College freshman, became the women's collegiate golf champion Friday in her first major tournament outside her native Minnesota.

Carole won the title in a 19-hole duel with Arizona State student Judy Bell of Wichita, Kan., a 21-year-old with years of tournament experience. But it was Judy who folded in the stretch.

The Wichita girl, who also lost in the 1957 final, blew up on the extra hole after placing her drive in short rough. She was six feet away from the pin after five strokes and conceded Carole a par 4. Carole was only 18 inches from the cup on a 70-foot approach.

The victor completed a sweep through the "big three" of the tournament on successive days.

Carole eliminated National Amateur Champion Joanne Gunderson in the quarter finals and dethroned defending champion Meriam Bailey in the semifinals. She is the second freshman to win the 14-year-old tournament.

Flint Round Washed Out

Tourney Extended
Through Monday

FLINT, Mich. (AP) — Rain washed out Friday's second round of the \$52,000 Flint Open Golf Tournament as sponsors announced the event will run an extra day—through Monday.

Under PGA rules none of Friday's scores will count. The downpour came with a little more than half the 140-man field through the second 18 holes. But conditions were so bad that PGA officials decided the course was unplayable for the others.

It was the second straight day rain interfered with play in the 72-hole tournament being contested over the 7,280-yard Warwick Hills course at nearby Grand Blanc. Late Thursday rain delayed play momentarily.

Tommy Bolt, newly crowned U.S. Open champ, holds on to his one-stroke lead. He had a 3-under-par 69 Thursday and was trailed by Bill Casper Jr. of Apple Valley, Calif., with a 70.

Fifteen others tied at 71 and only 15 in the field equalled or better par of 36-36-72.

Rainfall Causes Many Postponements

Thursday's and Friday's heavy rainfall caused a rash of postponements in baseball and softball games in the tri-state area. Washed out was the two-game slate in the Dapper Dan Little League; three games in the Hot Stove League; one Georges Creek Little League game; two games in the Men's Rec League and another pair of contests in the City Softball League.

Game Postponed

The Midland-Lonaconing contest in the Twilight Baseball League yesterday was postponed because of rain. It was rescheduled for Tuesday at 5:30 p.m. at Midland.

Field Of 12 Enter Oaks At Belmont

Big Effort And A Glitter Favored

NEW YORK (AP) — The Calumet Farm's A Glitter and Brookmeade's Big Effort, two leading candidates for the 3-year-old filly title, head a field of 12 entered for the \$60,000-added Coaching Club American Oaks Saturday at Belmont Park.

The American Oaks, patterned after the Epsom Oaks, is the acknowledged premier stakes for 3-year-old fillies, and is the longest and richest in the country. Often called the filly's Belmont, it is run at a mile and three-eighths, an eighth shorter than the Belmont Stakes and an eighth longer than the Kentucky Derby.

A Glitter, who won the Betsy Ross Stakes at Garden State Park and two allowance races at Belmont, may be a slight favorite. Big Effort scored in a single length victory in the Acorn Stakes at Belmont last month.

Two other spring stakes winners are in the lineup, Howard A. Jones' Daumay, who won the Black Eye Susan at Pimlico, and I. J. Collins' Dixie Miss, who captured a division of the Prieores Stakes at Jamaica.

Others entered were Tempted, Craftiness, Fall Wind, Meant Well, Spar Maid, Big Fright, Foreword, and Lopor. All carry 121 pounds.

If a dozen start in the race, to be broadcast and televised (CBS) from 3:30-4 p.m., (EST), the purse will gross \$71,450, the winner netting \$45,792.

Rain Washes Out Booster Contest

The Booster Game, scheduled last night at Penn Avenue field to herald the opening of the City High School Baseball League, was postponed because of yesterday's heavy rains.

The game has been reset for 6:15 Monday night, Eugene Mason, city rec director, announced last night. The game will be held in place of the scheduled opening contests in the circuit between the Forty Niners and Toy Shop at Fort Hill and Gurley's and VFW at Penn Avenue field.

The two postponed games will be played at a later day, Mason stated.

Ed Parsons Sent To Tampa, Fla.

Ed Parsons, slugging third baseman who was a star for Coach Bobby Cavanaugh's Fort Hill High School baseball teams here, has been optioned by the Bakersfield, Calif., team to Tampa, Fla., of the Florida State League.

Parsons was signed to a professional baseball contract by the Philadelphia Phillies of the National League and assigned this year to Bakersfield's team, currently in third place in the Class C California League.

Tampa, also affiliated with the Phillies, is in fourth place in the Class D Florida loop.

Braves To Drill

The Braves of the Dan Division of the Dapper Dan Little League will practice today at 4 p.m. at Post field.

Penn To Seek Rowing Title

Quakers Hope To End Long Jinx

SYRACUSE, N. Y. (AP) — Pennsylvania's high-stroking Quakers Friday were favored slightly to end a long-standing jinx and win the Intercollegiate Rowing Assn. championship on Onondaga Lake Saturday.

Penn last won this race in 1900. The Quakers are rated a shade better than Syracuse, a non-winner since 1920, and Cornell, which hasn't won a race all spring.

Princeton's tall, husky eight, California's young dark horses, and Navy's improving boatload also figured to be contenders in the most wide open battle for the varsity challenge cup in seven years.

Dartmouth, Wisconsin, Columbia and Massachusetts Institute of Technology round out the field of 10 for the three-mile classic. Penn has been established the favorite for the nine crew junior varsity three-miler and joint choices with Cornell for the nine crew freshman two-miler. If the Quaker crews live up to expectations, Penn should romp off with the Jim Ten Eyck Team Trophy. The team competition is based on results of all three races.

Dennis Kyle Mibs Champ

W.Va. Youngster Finally Cops Title

ASBURY PARK, N. J. (AP) — Dennis Kyle, 14, of Richwood, W. Va., Friday won the 34th annual National Marbles Tournament.

Kyle, runner-up in the finals for the last two years, beat Dick Hickman, 13, of Huntington, W. Va., 11 games to four.

Friday matches were played in unseasonably cold weather and a canvas shelter was erected to keep rain away from participants. There were few spectators.

Jack Cresbaugh, Montclair, referee of the finals, said that in his years of watching the finals he had "never seen two boys shoot like that."

Hickman and Kyle topped three other league champs in two divisions of the semifinals. Kyle beat Argie Jeffers of Huntington, W. Va., and Hickman nosed out Joe Gordon of Pittsburgh, Pa.

Jeanette Merlino, 13, of Yonkers, N. Y., girls champion, beat Kyle twice in competition before she was eliminated from the finals.

Practice Scheduled

The Rotary Club of the Frostburg Little League will practice today at 10 a. m. on the Frostburg diamond under the tutelage of Dick Jones and Edward Ritchey.

Miss Varner Gains Finals At London

Queen's Club Net Tourney Ends Today

LONDON (AP)—Margaret Varner, an El Paso, Tex., physical education instructor better known as a badminton player, gained the women's singles final Friday in the Queen's Club Tennis Tournament.

The 29-year-old Texan turned back Mrs. Margaret du Pont of Wilmington, Del., 6-1, 6-3 and became the only singles survivor of the 10 American men and eight U. S. women who began this pre-Wimbledon test. The Wimbledon championships open Monday.

Miss Varner, former holder of both the U.S. and All-England badminton crowns, will meet Bernice Carr of South Africa for the women's title. Miss Carr eliminated Louise Snow of Ventura, Calif., 6-3, 8-6.

Two Australians, Mal Anderson and Bob Mark, gained the last round in men's singles. Barry MacKay of Dayton, Ohio, and Althea Gibson of New York upheld U.S. net prestige in the doubles by winning through to the final with foreign partners.

Anderson swept past Jan Lundquist of Sweden 6-3, 3-6, 8-6. Mark topped Abe Segal of South Africa 10-8, 2-6, 6-3.

The Americans, eliminated in the quarter-final round of men's singles, suffered another jolt when the doubles team of Gardner Mulloy and Budge Patty, the Wimbledon titleholders, fell before a pair of young Indian Davis Cuppers.

Mulloy and Patty lost to Ramanathan Krishnan and Naresh Kumar 7-5, 6-4.

MacKay, 23-year-old U.S. Davis Cup hopeful, teamed with Australia's Mervyn Rose for a final berth in men's doubles against Luis Ayala of Chile and Don Candy of Australia.

MacKay and Rose first defeated Australians Rod Laver and Mark, 6-4, 6-4, then took the measure of Italy's Nicola Pietrangeli and Orlando Sirola 11-9, 6-2.

Miss Gibson formed a new partnership with the brilliant Brazilian teen-age discovery, Maria Bueno, for a sweep into the women's doubles final. They beat Miss Varner and Mrs. Du Pont 6-1, 6-3. Their final opponents will be Mrs. Mary Hawton and Mrs. Thelma Long of Australia.

Bunning Fans 14; Detroit Tops Yankees, 7 To 1

DETROIT (AP)—Jim Bunning struck out 14 batters and provided the Detroit Tigers with their sixth straight victory over the New York Yankees Friday night 7-1.

The Tigers bunched all their runs in the sixth and seventh innings and Al Kaline and Ozzie Virgil came through with key extra-base blows.

It was the first time since 1953 that a team had whipped the Yankees six straight times. Cleveland swept successive three-game series that year.

Stringtown Belts Hyndman, 17 To 1

Stringtown's league-leading toppers belted Hyndman's Planers, 17-1, yesterday in the only County Softball League game played.

Kennell's Mill at Homewood Tavern and Corriganville Old Exports at Maple Inn Old Germans were washed out by the inclement weather.

Solly Emerick collected four hits, including a double, to lead the Stringtown 18-hit attack. Bill Jamison chipped in with a pair of three-baggers, and Jim Mathews had a triple and single.

Leading hitters for Hyndman which was held to five bingles by Curt Hoselrode were Barrett with a double and George Bingham with a triple. The score: Hyndman 000 001 0—1 5 1
Stringtown 018 014 x—17 18 1

Bow Hunters Plan Tourney

Shoot Scheduled At Range Sunday

The Cumberland Bow Hunters will sponsor an archery tournament on the new range located on Mt. Pleasant Road at 1:30 p. m. Sunday.

The public is invited to participate and to watch the tournament, officials of the organization said.

Prizes will be awarded under National Field Archers Association rating. Divisions will be Expert Class A, Expert Class B, Bowman, Archer and Novice.

The tournament will be the first shoot of the season at the recently erected archery course.

The Cumberland Bow Hunters expect to affiliate soon with the Associated Maryland Bow Hunters which holds round robin tournaments as well as district and state tourneys.

Stickley Captures Feature Event At Ft. Ashby Speedway

Bud Stickley of Keyser captured the feature 20-laps race last night at the Potomac Valley Speedway at Fort Ashby, W. Va.

Approximately 1,000 persons witnessed the event in which Gene Keister of Cresaptown finished second; Ken Jeffries of Lonaconing third; and Al Gotto, Cumberland fourth.

In a series of 10-lap heats held prior to the feature race the winners were Gene Keister of Cresaptown; Ollie Beckman of Oakland; Ken Jeffries of Lonaconing and Bud Stickley.

The speedway plans to hold two trophy races for the July 4 meet.

Last night's program was the fourth this season at the Fort Ashby oval.

Battle For First Delayed By Rain

Rain delayed for a couple of days the battle for first place in the Frostburg Little League. The contest between the undefeated Lions (5-0) and the runner-up Orioles (4-1) yesterday at Frostburg was postponed because of wet grounds and cold weather.

The contest has been rescheduled as part of a double bill at the Frostburg park on Monday. The Lions-Orioles clash is set for 3 p. m. while the Eagles and Republican Club will meet in the nightcap.

Tourney Is Held

The Maplehurst Country Club of Frostburg held an I'da tournament with 29 entries. Full handicaps were used to determine scores. Claude Comer, Charles Steidinger and Willard Harvey tied for the top prizes with net 29's.

Bottom Of Ninth

PITTSBURGH (AP) — George Witt, recalled by the Pittsburgh Pirates from Columbus last Sunday, stopped the Los Angeles Dodgers 2-1 Friday night on six hits for his first major league victory.

The 24-year-old righthander retired the first 13 batters with the help of a pickoff play on an attempted steal before Norman Larker singled to left in the fifth. That apparently rattled the rookie hurler for Don Zimmer and Dick Gray followed with singles to send Larker across with a Dodger run, but he got the next two batters on strikeouts.

Braves Win, 7-3

MILWAUKEE (AP) — Hank Aaron broke out of an extended slump long enough Friday night to club an eighth inning grand slam homer as the Milwaukee Braves beat the St. Louis Cardinals 7-3, and pulled three games out in front in the National League race.

The blast by Aaron, over the center field fence, was the 11th by the Milwaukee right fielder and the third of the ball game for the Braves. Ed Mathews unloaded a two-run blast and Johnny Logan parked a solo shot in the left field bleachers.

Carole Pushing Wins Golf Title

Beats Judy Bell
In 19-Hole Duel

AMES, Iowa (AP) — Carole Pushing, a charming 18-year-old Carleton College freshman, became the women's collegiate golf champion Friday in her first major tournament outside her native Minnesota.

Carole won the title in a 19-hole duel with Arizona State student Judy Bell of Wichita, Kan., a 21-year-old with years of tournament experience. But it was Judy who folded in the stretch.

The Wichita girl, who also lost in the 1957 final, blew up on the extra hole after placing her drive in short rough. She was six feet away from the pin after five strokes and conceded Carole a par 4. Carole was only 18 inches from the cup on a 70-foot approach.

The victor completed a sweep through the "big three" of the tournament on successive days.

Carole eliminated National Amateur Champion Joanne Gunderson in the quarter - finals and threatened defending champion Meriam Bailey in the semifinals. She is the second freshman to win the 14-year-old tournament.

Flint Round Washed Out

Tourney Extended
Through Monday

FLINT, Mich. (AP) — Rain washed out Friday's second round of the \$52,000 Flint Open Golf Tournament as sponsors announced the event will run an extra day—through Monday.

Under PGA rules none of Friday's scores will count. The downpour came with a little more than half the 140-man field through the second 18 holes. But conditions were so bad that PGA officials decided the course was unplayable for the others.

It was the second straight day rain interfered with play in the 72-hole tournament being contested over the 7,280-yard Warwick Hills course at nearby Grand Blanc. Late Thursday rain delayed play momentarily.

Tommy Bolt, newly crowned U.S. Open champ, holds on to his one-stroke lead. He had a 3-under-par 69 Thursday and was trailed by Bill Casper Jr. of Apple Valley, Calif., with a 70.

Five others tied at 71 and only 15 in the field equalled or better par of 36-72.

Rainfall Causes Many Postponements

Thursday's and Friday's heavy rainfall caused a rash of postponements in baseball and softball games in the tri-state area. Washed out was the two-game slate in the Dapper Dan Little League; three games in the Hot Stove League; one George Creek Little League game; two games in the Men's Rec League and another pair of contests in the City Softball League.

Game Postponed

The Midland-Lonaconing contest in the Twilight Baseball League yesterday was postponed because of rain. It was rescheduled for Tuesday at 5:30 p.m. at Midland.

Field Of 12 Enter Oaks At Belmont

Big Effort And
A Glitter Favored

NEW YORK (AP) — The Calumet Farm's A Glitter and Brookmeade's Big Effort, two leading candidates for the 3-year-old filly title, head a field of 12 entered for the \$60,000-added Coaching Club American Oaks Saturday at Belmont Park.

The American Oaks, patterned after the Epsom Oaks, is the acknowledged premier stakes for 3-year-old fillies, and is the longest and richest in the country. Often called the filies' Belmont, it is run at a mile and three-eighths, an eighth shorter than the Belmont Stakes and an eighth longer than the Kentucky Derby.

A Glitter, who won the Betsy Ross Stakes at Garden State Park and two allowance races at Belmont, may be a slight favorite. Big Effort scored in a single length victory in the Acorn Stakes at Belmont last month.

Two other spring stakes winners are in the lineup, Howard A. Jones' Daumay, who won the Black Eyed Susan at Pimlico, and I. J. Collins' Dixie Miss, who captured a division of the Priores Stakes at Jamaica.

Others entered were Templed, Craftiness, Fall Wind, Meant Well, Spar Maid, Big Fright, Foreword, and Lopar. All carry 121 pounds.

If a dozen start in the race, to be broadcast and televised (CBS) from 3:30-4 p.m., (EST), the purse will gross \$71,450, the winner netting \$45,792.

Rain Washes Out Booster Contest

The Booster Game, scheduled last night at Penn Avenue field to herald the opening of the City High School Baseball League, was postponed because of yesterday's heavy rains.

The game has been reset for 6:15 Monday night, Eugene Mason, city rec director, announced last night. The game will be held in place of the scheduled opening contests in the circuit between the Forty Niners and Toy Shop at Fort Hill and Gurley's and VFW at Penn Avenue field.

The two postponed games will be played at a later day, Mason stated.

Ed Parsons Sent To Tampa, Fla.

Ed Parsons, slugging third baseman who was a star for Coach Bobby Cavanaugh's Fort Hill High School baseball teams here, has been optioned by the Bakersfield, Calif., team to Tampa, Fla., of the Florida State League.

Parsons was signed to a professional baseball contract by the Philadelphia Phillies of the National League and assigned this year to Bakersfield's team, currently in third place in the Class C California League.

Tampa, also affiliated with the Phillies, is in fourth place in the Class D Florida loop.

Braves To Drill

The Braves of the Dan Division of the Dapper Dan Little League will practice today at 4 p.m. at Post field.

Penn To Seek Rowing Title

Quakers Hope To
End Long Jinx

SYRACUSE, N. Y. (AP) — Pennsylvania's high - stroking Quakers Friday were favored slightly to end a long-standing jinx and win the Intercollegiate Rowing Assn. championship on Onondaga Lake Saturday.

Penn last won this race in 1900. The Quakers are rated a shade better than Syracuse, a non-winner since 1920, and Cornell, which hasn't won a race all spring.

Princeton's tall, husky eight, California's young dark horses, and Navy's improving boatload also figured to be contenders in the most wide open battle for the varsity challenge cup in seven years.

Dartmouth, Wisconsin, Columbia and Massachusetts Institute of Technology round out the field of 10 for the three-mile classic. Penn has been established the favorite for the nine crew junior varsity three - miler and joint choices with Cornell for the nine crew freshman two-miler. If the Quaker crews live up to expectations, Penn should romp off with the Jim Ten Eyck Team Trophy.

The team competition is based on results of all three races.

Dennis Kyle Mibs Champ

W.Va. Youngster
Finally Cops Title

ASBURY PARK, N. J. (AP) — Dennis Kyle, 14, of Richwood, W. Va., Friday won the 34th annual National Marbles Tournament.

Kyle, runner - up in the finals for the last two years, beat Dick Hickman, 13, of Huntington, W. Va., 11 games to four.

Friday matches were played in unseasonably cold weather and a canvas shelter was erected to keep rain away from participants.

There were few spectators. Jack Cresbaugh, Montclair, referee of the finals, said that in his years of watching the finals he had "never seen two boys shoot like that."

Hickman and Kyle topped three other league champs in two divisions of the semifinals. Kyle beat Argie Jeffers of Huntington, W. Va., and Hickman nosed out Joe Gordon of Pittsburgh, Pa. Jeannette Merline, 13, of Yonkers, N. Y. girls champion, beat Kyle twice in competition before she was eliminated from the finals.

Miss Varner Gains Finals At London

Queen's Club Net
Tourney Ends Today

LONDON (AP) — Margaret Varner, an El Paso, Tex., physical education instructor better known as a badminton player, gained the women's singles final Friday in the Queen's Club Tennis Tournament.

The 29-year-old Texan turned back Mrs. Margaret du Pont of Wilmington, Del., 6-1, 6-3 and became the only singles survivor of the 10 American men and eight U. S. women who began this pre-Wimbledon test. The Wimbledon championships open Monday.

Miss Varner, former holder of both the U.S. and All-England badminton crowns, will meet Bernice Carr of South Africa for the women's title. Miss Carr eliminated Louise Snow of Ventura, Calif., 6-3, 8-6.

Two Australians, Mal Anderson and Bob Mark, gained the last round in men's singles. Barry Mackay of Dayton, Ohio, and Althea Gibson of New York upheld U.S. net prestige in the doubles by winning through to the final with foreign partners.

Anderson swept past Jan Lundquist of Sweden 6-3, 3-6, 8-6. Mark toppled Abe Segal of South Africa 10-8, 2-6, 6-3.

The Americans, eliminated in the quarter-final round of men's singles, suffered another jolt when the doubles team of Gardnar Mulloy and Budge Patty, the Wimbledon titleholders, fell before a pair of young Indian Davis Cuppers.

Mulloy and Patty lost to Ramanathan Krishnan and Nares Kumar 7-5, 6-4.

MacKay, 23-year-old U.S. Davis Cup hopeful, teamed with Australia's Mervyn Rose for a final berth in men's doubles against Luis Ayala of Chile and Don Candy of Australia.

MacKay and Rose first defeated Australians Rod Laver and Mark 6-4, 6-4, then took the measure of Italy's Nicola Pietrangeli and Orlando Sirola 11-9, 6-2.

Miss Gibson formed a new partnership with the brilliant Brazilian teen-age discovery, Maria Bueno, for a sweep into the women's doubles final. They beat Miss Varner and Mrs. Du Pont 6-1, 6-3. Their final opponents will be Mrs. Mary Hawton and Mrs. Thelma Long of Australia.

Bunning Fans 14; Detroit Tops Yankees, 7 To 1

DETROIT (AP) — Jim Bunning struck out 14 batters and provided the Detroit Tigers with their sixth straight victory over the New York Yankees Friday night 7-1. The Tigers bunched all their runs in the sixth and seventh innings and Al Kaline and Ozzie Virgil came through with key extra-base blows.

It was the first time since 1953 that a team had whipped the Yankees six straight times. Cleveland swept successive three-game series that year.

Stringtown Belts Hyndman, 17 To 1

Stringtown's league-leading terrors belted Hyndman's Planers, 17-1, yesterday in the only County Softball League game played.

Kennell's Mill at Homewood Tavern and Corriganville Old Exports at Maple Inn Old Germans were washed out by the inclement weather.

Solly Emerick collected four hits, including a double, to lead the Stringtown 18-hit attack. Bill Jamison chipped in with a pair of three-baggers, and Jim Matthews had a triple and single.

Leading hitters for Hyndman which was held to five singles by Curt Hosselrode were Barrett with a double and George Bingman with a triple. The score: Hyndman 000 001 0—1 5 1
Stringtown 018 014 x—17 18 1

Queen Contest Entry Visits Rotary Club

Miss Pauline Dodds Is Sponsored

LONACONING — Miss Pauline Dodds, who is a Queen candidate in the Blue Angels Drum Corps celebration next week at Tri-Towns, was a guest at the Lonaconing Rotary Club dinner program Thursday evening to explain the rules and details for the selection of Queen.

Lonaconing Rotary Club is sponsoring Miss Dodds of Detmold, Lonaconing, as a candidate. She is employed at the West Virginia Pulp and Paper Mill at Lake.

William "Scotty" Orr, president-elect appointed William McElvie as chairman of the classifications committee.

"Installation Night" will be held for Rotarians and Rotary Ann on Thursday, June 26, at 6:30 p.m. at Alvin C. Neat Post No. 5280, Veterans of Foreign Wars, home at Lonaconing.

A banquet will be followed by installation of newly elected officers and a program arranged by Dr. Leslie R. Miles Jr., chairman and his committee for the ladies night.

Ralph Swauger, chairman of the roadside sign committee, reported that new materials are needed to make repairs to Rotary signs at the Lonaconing entrances. The club agreed to obtain the repair materials to have the committee get the signs back into first-class condition.

Mt. Savage VFW Forms Drill Team

Royal Tailor's Tip

LONDON (AP)—Prince Philip's tailor, E. H. Watson, suggests a lightweight cross between a coat and a shirt for men's hot weather wear. Writing in the weekly Outfitter, Watson said it ought to have a shirt collar, stiff cuffs and two cross pockets and be worn outside the trousers.

PE Employees Honored
For Service Records

Nine employees of the Potomac Edison Company were initiated into the firm's Quarter Century Club at the annual dinner meeting Thursday in Hagerstown. More than 300 active and retired Potomac Edison employees attended the program, which featured the awarding of service pins to employees who had completed another five years with the utility organization. Forty-year emblems were awarded to Isaac R. Likens, Edward W. Kemmer, Charles J. Freeland, Arthur M. Bittner, Thomas H. Matthews, James W. Andrews and Margaret M. Hepburn of Lonaconing. This group was presented engraved watches in addition to the service emblems. Thirty-five-year awards were presented to James B. Wigger Jr. and Charles W. Heath, while those receiving 30-year emblems included James M. Nicholson, Harry A. Willison, Calvin W. Hinkle and Thomas L. Gibson. D. E. Stultz, president of the company, praised the spirit of the veteran employees, pointing out that the progress of the firm was due in large part to the contribution made by each individual.

Jockeys Hurt In 2 Spills At Monmouth Park

Howard Grant Set Down For 10 Days

OCEANPORT, N. J., June 20 (AP)—Jockeys Jerry Truman and Thomas Reggie Root were involved in spills today at Monmouth Park and Howard Grant, who drove Fifinella Miss to victory in the featured fourth race, was suspended 10 days, effective June 23 through July 3, by the stewards.

Truman, 18, from Los Angeles, suffered a fracture of the fourth, fifth and sixth dorsal vertebrae after being thrown by his mount, Velvet Poly, in the second race. Velvet Poly clipped the heels of Speedy Essie, stumbled and unseated Truman passing the half mile pole. The young rider was taken to Riverview Hospital in nearby Red Bank.

Root, 20, from Baltimore, was apparently not injured although suffering from muscular spasms. He was treated at the track first aid room.

Root was entangled with his mount, Cateran, which went down after the fourth race had been completed. Cateran, which ran fifth, fell and rolled under the inside rail on the clubhouse turn. Cateran was originally one of Truman's mounts.

Grant, leading rider here last summer and currently one of the top five in the national standings, was set down for "careless riding astride Uncle Jerry in the second race Thursday at the half mile pole and for misuse of his whip in the stretch." Uncle Jerry finished sixth.

Willie Hartack gained his 15th winner of the meeting—two more than Grant—aboard Chasmar Belle, \$440 winner of the first race.

Bridge Opening Is Scheduled Here July 7

Surfacing, Track Work Set Next Week

The new Baltimore Street Bridge will be opened to traffic on July 7 at 8 a. m., Mayor Roy W. Eves announced yesterday.

Pedestrian traffic, he said, will be limited to the downstream side of the bridge for the present.

Plans for opening the span were made at a conference held yesterday afternoon in City Hall.

Representing the City of Cumberland were Mayor Eves, City Engineer C. R. Nuzum, Police Chief R. E. Flynn and Police and Fire Commissioner William V. Keegan.

Rex E. Dexter, resident engineer, and W. L. Hull, assistant engineer, and W. B. Williams, inspector, representing the Corps of Engineers which is erecting the bridge for the City.

A. H. Wilson, first vice president, and C. M. Sanner, secretary, representing the George F. Hazelwood Company, contractor for the span.

Will Surface Bridge

The Western Maryland Railway, which is involved in the project, was represented by S. W. George, division engineer, while E. P. Hite attended for the C&P Telephone Company.

During the meeting, Hazelwood spokesmen said the firm plans next Tuesday to begin blacktopping the span and approaches and to put fill and surfacing over the temporary bypass bridge track. It will remain in place until the new Western Maryland Bridge is completed this fall.

The railway plans early next week to begin placing its permanent crossing at the east end of the bridge. These will be the tracks which will cross the permanent bridge.

A soon as the city bridge is opened to traffic, Hazelwood crews are expected to begin razing the \$28,620 wooden bridge which was erected during the spring of 1957 to maintain traffic while the steel girder span was erected.

Removal of the wooden span will allow the construction firm to excavate and pave the bottom of the creek in the vicinity of the bridge.

Must Close Again

The new bridge will have to be closed this fall—probably in November—for less than a week to permit the Western Maryland to make certain track connections.

At that time, the flood contractor will remove the temporary tracks which were placed at the crossing for the temporary railway bridge. After the bridge is opened for the second time, pedestrian traffic will be allowed on both sides.

Crews were busy yesterday clearing construction materials from the concrete deck of the bridge which is complete except for lighting and a few minor tasks.

Construction of the new railway bridge is being held up while revised plans are drawn up to meet an unexpected condition in the creek bed.

Steel piling will probably have to be driven into the creek bed for the upstream foundation of the main bridge pier—where satisfactory rock was expected but not encountered.

A similar condition was found between Valley Street and the B & O Viaduct last year. It necessitated the paving of some 700 feet of creek bed at an extra cost of about \$300,000.

The opening of the bridge will mark the last day of the present administration and the inauguration ceremony of the new Mayor and Council.

Judge Boreman May Get Boost

WASHINGTON (AP) — Federal Judge Herbert S. Boreman of Parkersburg, W. Va., was viewed by some Capitol Hill observers Friday as the front runner for nomination to the U. S. 4th Circuit Court of Appeals.

These sources, declining use of their names, said they believe Judge Boreman may be in a stronger position than Federal Judge Albert V. Bryan of Alexandria, Va.

A vacancy on the court was created by the death of Judge John J. Parker of Charlotte, N.C. last March.

Those regarding Judge Boreman as a front runner recalled it is West Virginia's turn for an appointment to the court. West Virginia also has two Republican senators, Chapman Revercomb and John D. Holtzcliff, who are running for reelection.

The 4th Circuit includes Virginia, West Virginia, North Carolina, South Carolina and Maryland.

Mountain Levelers Arrive

These big earth-moving rigs, spotted on a Western Maryland Railway siding on Canal Street, will be unloaded today by the George F. Hazelwood Construction Company. The first car contains a big Diesel powered tractor and the other four

Caterpillar pan scrapers capable of scooping up 21 yards of earth in a single pass. Equipment such as this is needed to level the mountains of Western Maryland under the State Roads Commission's current road building program.

State Is Urged To Take Cold Look At Itself

Study Of W. Va. Tax Structure Suggested

By CHARLES MONZELLA

HUNTINGTON (AP) — West Virginians, in their zeal to attract new industry, were urged Friday to take a long, cold look at their state and to correct shortcomings.

Besides internal improvement, stressed by Gov. Underwood and others, they also were advised to seek expert help in industrial development, wherever it might be obtained.

The advice was given at the 5th annual West Virginia Industrial Development Conference, attended by about 175 business and civic leaders. The conference was sponsored by the State Industrial and Publicity Commission.

No state, said Underwood, can rely wholly upon its natural advantages to attract and keep industries. It must develop those advantages.

Urges Cold Look

He also said that success in industrial development "rests upon many streams which make their contribution to the over-all picture."

Dr. Carl Prutton of New York City, executive vice president of Food Machinery and Chemical Corp., termed the Mountain State's potentials unlimited but called on the state to look coldly at itself.

Prutton, whose firm operates the Westvaco Chlor-Alkali Plant at South Charleston and Ohio Apex, Inc., at Nitro, urged local groups to solicit aid from railroads, electric power firms, universities and any other agencies within the state and outside that might help in the development program.

E. J. Fox of New York City, vice president of Union Carbide Development Co., said that although there are weaknesses the climate for business in West Virginia is good.

Urges Tax Review

Fox suggested a review of West Virginia's tax structure.

Former Gov. William C. Marland proposed at one of four workshops that industrial plant areas be zoned, just as residential sections are zoned.

J. C. Zimmerman of Louisville, director of industrial development for the Kentucky Chamber of Commerce, said, "In our state, the communities that are succeeding are the ones that have taken an honest inventory of themselves."

The amount of money states put into community development has a lot to do with the results obtained, said William C. Campbell of Huntington, president of the Central-Ohio Valley Industrial Council.

Kentucky appropriates \$500,000 a year for its industrial development department, he said, while West Virginia put aside \$135,000 for this purpose in the coming fiscal year.

No Wheat Growers Vote In Referendum

Wheat growers of Allegany County, eligible to vote in yesterday's referendum on 1959 wheat marketing quotas, apparently decided to remain neutral.

None of the eight eligible farmers showed up at the county's lone polling place in the office of the Agricultural Stabilization and Conservation Committee, 37 Washington Street.

The farmers could have voted from 8 a. m. until 7 p. m. At the end of the final hour a look into the ballot box showed that it was empty.

Eligible to vote were farmers who owned more than 15 acres of wheat for 1959. Joseph W. Silver, vice chairman of the county committee was in charge of the polling place from 8 a. m. until 1:30 p. m. Then James H. Weimer, chairman took over duties.

Last year one farmer cast his ballot.

Air Surface Cooling Units Bought For Getty

Board Accepts \$500 Proposal

The purchase of three air conditioning units for the office of State's Attorney James S. Getty in the Union Street County Building was approved yesterday by the County Board of Commissioners.

Three local firms submitted bids to the Board which accepted the \$500 bid of the Cumberland Electric Company, corner of Virginia Avenue and Second Street.

This includes the delivery price and installation in the office windows. The units will be three-quarter horse power. Clingan Electric Supply Company, 446 North Mechanic submitted a bid of \$525 for three units which did not include shipping charge or installation.

Sterling Electric Company Inc., 100 North Centre Street, submitted a bid of \$760 for three units. The installation work would have included changing multibreaker and extending cords to the air conditioners.

In other routine business yesterday Edgar Growden said that proposed work by the State Roads Commission may cause him to go out of business as the operator of a drive-in theatre on Oldtown Road just beyond the city limits.

He pointed out that when the SRC makes a new approach off the Oldtown Road, it will close the entrance to his theater. He has requested that the road not be closed. The matter was referred to Board Attorney Gorman Getty for study.

Mrs. Elinor M. Westerfeld, director of the County Welfare Board said she has received a letter from the Board of Mental Health concerning parents paying for the care of adult children at the State Hospital.

This also was referred to Attorney Getty for further action.

Hearing Held In Fire Case

Two local youngsters, who admitted setting fire to the Montgomery Ward warehouse on June 12, were given a hearing in Juvenile Court yesterday but disposition was withheld pending the outcome of mental examinations of the youths.

Magistrate Fred H. Anderson conducted the hearing and said he would not render a final decision in the case until the two boys could be examined by a local physician.

The two boys, nine and 11, admitted they set the fire when questioned last week by Fire Chief Virgil A. Parker. The boys said they were in the building in search of pigeons when they set the fire.

They said they used some paper and wood lying on the floor to set the fire and said they tried to put out the fire but when it got a headstart they decided to leave the building.

Nearly 200 residents saw the smoke and called the firemen who were able to put out the blaze before it caused any real serious damage.

'Y' Camp Meeting Is Set Today

Camp Y's Way, a day camp sponsored by Central YMCA, will open today at 9 a. m. with enrollment meeting at the local 'Y.' After a short orientation period, the youngsters will begin participating in the program which will continue daily for a two-week period.

Camp Y's Way will operate for four two-week periods and will close August 15. Each two-week period will have a central theme. There are 35 children registered for the first period and additional youngsters may register prior to camp opening Monday morning.

The staff will consist of George Strachan, Ronald Riggs, Carole Ransom, Eugene Hare and Darlene Porter.

Board Blasts Health Hazards On Valley Road

Demands Removal Of Nuisance Soon

The Allegany County Board of Health has served notice on two residents of Bowman's Addition on Valley Road ordering them to eliminate health and fire hazards which prevail on the property where they live.

Following an investigation the board has decided old rags, trash and garbage located in the rear of one of the properties has become a health and fire hazard.

The occupant has been ordered to remove the nuisance from the lot and that it must be completed within 30 days or the occupant will be subject to penalties provided by law.

Sewage drainage from one of the properties is running onto county property and has become a health hazard. The occupant has been ordered to make necessary repairs according to regulations of the health department.

The occupant has been instructed to remove the sewage from the road in front of the property and keep it on the premises by means of a septic tank and fields.

Copies of order signed by Dr. Ton van Strien, county health officer, were given to the Board of County Commissioners, the fire chief of Bowman's Addition and also to J. Walker Chapman, supervisor of county roads.

Summer Season Makes Debut This Afternoon

The summer season makes its debut this afternoon on the longest day of the year.

About all the weather can promise is mostly cloudy skies with chance of scattered showers preceded by some drizzle in the east portion of the state this morning.

Temperatures are expected to reach the 73 degree mark. Robert R. Golden, weather observer here, said last night that over an inch and a half of rain fell in Cumberland yesterday.

Thirsty lawns and gardens welcomed the rain which fell steadily during the morning hours. A misty rain was falling during the afternoon and evening.

Skies were overcast during the day and the weather was anything but summer-like. The official high temperature yesterday was 62 degrees and the official low reading was 56 degrees.

Mr. Golden said 1.56 inches of rain fell here yesterday and the precipitation apparently was prevalent in the general area.

At 4:57 p. m. today the summer season begins.

Miss Jane Graney Is Seriously Ill

Mr. and Mrs. Edward V. Welsh, 7 Market Street, were called to Baltimore last evening due to the serious illness of Mrs. Welsh's sister, Miss Jane Graney, a former resident of this city. Miss Graney is supervisor of nurses at the Baltimore Veterans Administration Hospital on Loch Raven Blvd. She suffered a stroke while on duty and has been taken to John Hopkins Hospital, where her condition is reported as serious.

West Virginians Get \$4,400,000 Wage Hike

WASHINGTON (AP) — With President Eisenhower's signing of the bill giving government workers a 10 per cent pay raise, the Civil Service Commission Friday gave these estimates of the increased annual payroll of federal employees, including postal workers, by states and cities:

West Virginia — 5,014 postal employees; 4,673 white collar employees; combined annual payroll \$48,400,000, up \$4,400,000.

Fluoridation Is Successful In Hagerstown

Cuts Tooth Decay Up To 75 Per Cent

The fluoridation of the Hagerstown public water supply has been eminently successful in reducing tooth decay up to 75 per cent among children, according to a joint report of the State Department of Health and the Washington County Health Department.

The statement is based upon comparing the results of a survey made in 1952, just prior to the initiation of fluoridation, with the results obtained during a second survey, completed recently, after six years of fluoridation.

Fluoridation of Cumberland water was approved by a resolution of the Mayor and Council on December 8, 1952. However the resolution has not implemented.

2,038 Children Involved

The latest study involved 2,038 children, ages 7, 9, 11, and 14 years, who have resided in Hagerstown six or more years. Among these children, tooth decay was approximately 30 per cent less than among the children of similar age groups examined in 1952.

"The overall reduction in tooth decay is considered good," said Dr. Richard C. Leonard, chief of the Division of Dental Health, State Health Department, "since the older children were of ages in which maximum benefit could not be expected."

By contrast, in the younger age group (7 year olds) the reduction was 75 per cent. This percentage of reduction is to be anticipated for all children who, from birth, drink fluoridated water, he said.

The benefit of fluoridation is further emphasized, he added, by the fact that in 1952 only three per cent of the children examined had no decayed teeth while in 1958 this proportion was increased to 11 per cent.

Commenting upon the comparison of statistics disclosed by two Hagerstown surveys, Dr. Leonard said:

Reduces Cost "In addition to the fact that less pain and discomfort have resulted from the reduction of tooth decay among these children, Hagerstown has by six years of water fluoridation materially reduced the cost of dental care."

"From every standpoint, fluoridation has inexpensively and safely benefited Hagerstown as it has the more than 3,000 other United States communities using this preventive public health measure."

"However, it is important to remember that fluoridation does not completely assure freedom from tooth decay so it is essential that other dental health practices, such as mouth cleanliness and a proper diet be maintained for oral health."

The first of the two Hagerstown surveys was made among 1,826 children (ages 7, 9, 11, and 13) who from birth had drunk water in which the fluoride content was negligible—far less than the recommended amount of one part fluoride per million parts water. Within the past few months a second survey was made on 2,038 children of the same age groups who had drunk fluoridated water for at least six years.

Both surveys were conducted by Dr. Myron S. Baker, Washington County school dentist. The first was done under the direction of Dr. Perry F. Prather, who was then the county health officer and is now the director of the State Health Department.

Dr. W. Ross Cameron, who is currently health officer of Washington County, directed the most recent study.

Dr. Prather remarked, "In 1952 I was a strong advocate of water fluoridation, and studies such as this one in Hagerstown further convince me that fluoridation is an extremely beneficial and a safe public health measure."

Sheriff's Report Given To County Commissioners Sheriff Edward Muir and his five deputies traveled some 13,242 miles during the period from January 6 to April 6 this year according to a report filed yesterday with the Allegany County Board of Commissioners.

Some 269 prisoners were committed to the county jail during that period and the daily jail average was 33 inmates. The sheriff reported that 162 office calls were received and referred to proper authorities including the State's Attorney's office, Juvenile Court and the Health Department.

He said 22 calls were investigated and there were 28 office interviews. A total of 64 prisoners were transported to and from local institutions for trial, sentencing, bond and other matters.

And there were 14 prisoners transported to and from the State's Attorney's office for state-

ments, questioning and photo prints. Five were returned from other jurisdiction.

Ten prisoners were transported to the Maryland House of Correction, three to the Training School for Girls, three to the Training School for Boys and one to the Reformatory for Males.

The sheriff said 18 prisoners were taken to Circuit Court for bond, trial or sentencing. There were 49 arrests for Juvenile Court non-support, delinquency, etc. He pointed out 22 bench warrants were served.

During that period 61 witnesses were summoned, 156 jurors summoned back during the term and 62 summoned during the present term. A total of 66 equity defendants were summoned and 230 law suit defendants summoned.

Sheriff Muir and the five deputies worked an average of 64 hours a week during the three months period.

Lawyers Urge Succession Rule For Governor

Comptroller Placed On List

ATLANTIC CITY, N. J. (AP)—Maryland was urged Friday to provide a line of succession for its governor in case of widespread disaster.

That was one of several recommendations formalized by the Maryland State Bar Assn. during its 63rd annual meeting.

The governor is the most important person in the State government, the association said, and his death in a national disaster could bring State government to a virtual standstill.

To avoid this, the association suggested a line of succession to include the State comptroller, attorney general, Senate president and House speaker.

The association recommended that Maryland Civil Defense officials seek passage of such a constitutional amendment during the 1959 legislative session.

Also recommended by the association was a stronger probation system in Maryland for juvenile offenders.

The meeting ends Saturday with election of officers.

21 Oldtown Area Residents Finish First Aid Course

Twenty-one Oldtown area residents have completed the Red Cross Standard First Aid Course and have been issued their certificates, according to Mrs. George W. Legge, executive secretary.

The course, consisting of five sessions of two hours each, was given at Oldtown by Oral F. Phillips, instructor. He stated that most of the group requested an advanced first aid course and one will be organized.

Those awarded certificates include Catherine R. Zapf, Margaret M. Wolfe, Calvin K. Wolfe, Emmadale Shippe, Irvin G. Allen, Elsie M. Bishop, Elva M. Brown, James R. Brown, Ivy E. Carder, John L. Carder, Lionel M. Davis, Patsy J. Davis, Ned R. Hose, Ralph L. Rader, Mary M. Rader, Nellie F. Piper, Judith Ann Piper and Eva N. Ott.

Dr. Amoss To Attend Alcohol Study School

Rev. Howard M. Amoss, pastor of Bethesda Methodist Church, Salisbury, and former pastor of Centre Street Methodist Church here, has been awarded a scholarship by the State Health Department to the Yale University Summer School of Alcohol Studies.

He is one of 20 Marylanders concerned with the problem of alcoholism selected to attend the sessions June 29 through July 24 in New Haven, Conn.

The scholarships have been awarded for four years to representatives of mental hospitals, industry, religious groups and education, health and welfare leaders to assure the spread of the latest information on advances in the care of the alcoholic and his family.

Moose Lodges Of 3 States Meeting Here

Business Sessions Underway Today

Following early registrations, and executive committee meeting and a class initiation last night, the three-day convention of the Maryland Border States Moose Association will settle down to business today.

Two panel discussions this morning will point up plans for increasing membership and conserving the rolls of present lodges. The panel on membership will be moderated by J. Jay Stoehr, assistant regional director. The panel on conservation will be moderated by Ray Hart, deputy director of conservation.

Both panels will be held in Room 204, Fort Cumberland Hotel. The first is scheduled for 10:30 a. m. and the second for 11:15 a. m. Both are open to members and delegates.

The Women of the Moose, who are holding their conference sessions at the Moose Home, Beall Street, while the men's lodges are meeting at the Fort Cumberland Hotel, will hold a general session beginning at 10 a. m. They will adjourn their conference, however, to participate in the annual Memorial Service with the men, in the hotel ballroom at 12:45 p. m. Rev. H. M. Richardson, rector of Emmanuel Episcopal Church, will deliver the memorial address.

The opening business session and roll call of delegations will be held in the ballroom at 1:30 p. m. The women will hold ritualistic services at 2 p. m. for honor chapters at the Moose Home.

Mayor Roy W. Eves will welcome the Moose to the city at the afternoon session. Nominating committee reports and other reports will be heard.

At 7 p. m. today, Moose and Women of the Moose will meet again for a banquet in the Fort Cumberland Hotel ballroom. This will be followed by dancing at 9 p. m. featured by a floor show at 10 p. m.

A breakfast hour for delegates is scheduled for 9 a. m. Sunday at the hotel, followed by the final business session and election. The final event of the convention will be a Sunday luncheon at 1 p. m. for new association and district officers.

Bridge Opening Is Scheduled Here July 7

Surfacing, Track Work Set Next Week

The new Baltimore Street Bridge will be opened to traffic on July 7 at 8 a. m., Mayor Roy W. Eves announced yesterday.

Pedestrian traffic, he said, will be limited to the downstream side of the bridge for the present.

Plans for opening the span were made at a conference held yesterday afternoon in City Hall.

Representing the City of Cumberland were Mayor Eves, City Engineer C. R. Nuzum, Police Chief R. E. Flynn and Police and Fire Commissioner William V. Keegan.

Rex E. Dexter, resident engineer, and W. L. Hull, assistant engineer, and W. B. Williams, inspector, representing the Corps of Engineers which is erecting the bridge for the City.

A. H. Wilson, first vice president, and C. M. Sanner, secretary, representing the George F. Hazelwood Company, contractor for the span.

Will Surface Bridge

The Western Maryland Railway, which is involved in the project, was represented by S. W. George, division engineer, while E. P. Hite attended for the C&P Telephone Company.

During the meeting, Hazelwood spokesmen said the firm plans next Tuesday to begin blacktopping the span and approaches and to put fill and surfacing over the temporary bypass bridge track. It will remain in place until the new Western Maryland Bridge is completed this fall.

The railway plans early next week to begin placing its permanent crossing at the east end of the bridge. These will be the tracks which will cross the permanent bridge.

As soon as the city bridge is opened to traffic, Hazelwood crews are expected to begin razing the \$28,620 wooden bridge which was erected during the spring of 1957 to maintain traffic while the steel girder span was erected.

Removal of the wooden span will allow the construction firm to excavate and pave the bottom of the creek in the vicinity of the bridge.

Must Close Again

The new bridge will have to be closed this fall—probably in November—for less than a week to permit the Western Maryland to make certain track connections.

At that time, the flood contractor will remove the temporary tracks which were placed at the crossing for the temporary railway bridge. After the bridge is opened for the second time, pedestrian traffic will be allowed on both sides.

Crews were busy yesterday clearing construction materials from the concrete deck of the bridge which is complete except for lighting and a few minor tasks.

Construction of the new railway bridge is being held up while revised plans are drawn up to meet an unexpected condition in the creek bed.

Steel piling will probably have to be driven into the creek bed for the upstream foundation of the main bridge pier—where satisfactory rock was expected but not encountered.

A similar condition was found between Valley Street and the B & O Viaduct last year. It necessitated the paying of some 700 feet of creek bed at an extra cost of about \$300,000.

The opening of the bridge will mark the last day of the present administration and the inauguration ceremony of the new Mayor and Council.

Judge Boreman May Get Boost

WASHINGTON (AP) — Federal Judge Herbert S. Boreman of Parkersburg, W. Va., was viewed by some Capitol hill observers Friday as the front runner for nomination to the U. S. 4th Circuit Court of Appeals.

These sources, declining use of their names, said they believe Judge Boreman may be in a stronger position than Federal Judge Albert V. Bryan of Alexandria, Va.

A vacancy on the court was created by the death of Judge John J. Parker of Charlotte, N.C. last March.

Those regarding Judge Boreman as a front runner recalled it is West Virginia's turn for an appointment to the court. West Virginia also has two Republican senators, Chapman Revercomb and John D. Hobbitt, who are running for reelection.

The 4th Circuit includes Virginia, West Virginia, North Carolina, South Carolina and Maryland.

Mountain Levelers Arrive

These big earth-moving rigs, spotted on a Western Maryland Railway siding on Canal Street, will be unloaded today by the George F. Hazelwood Construction Company. The first car contains a big Diesel powered tractor and the other four

Caterpillar pan scrapers capable of scooping up 21 yards of earth in a single pass. Equipment such as this is needed to level the mountains of Western Maryland under the State Roads Commission's current road building program.

State Is Urged To Take Cold Look At Itself

Study Of W. Va. Tax Structure Suggested

By CHARLES MONZELLA

HUNTINGTON (AP) — West Virginians, in their zeal to attract new industry, were urged Friday to take a long, cold look at their state and to correct shortcomings.

Besides internal improvement, stressed by Gov. Underwood and others, they also were advised to seek expert help in industrial development, wherever it might be obtained.

The advice was given at the 5th annual West Virginia Industrial Development Conference, attended by about 175 business and civic leaders. The conference was sponsored by the State Industrial and Publicity Commission.

No state, said Underwood, can rely wholly upon its natural advantages to attract and keep industries. It must develop those advantages.

Urges Cold Look

He also said that success in industrial development "rests upon many streams which make their contribution to the over-all picture."

Dr. Carl Prutton of New York City, executive vice president of Food Machinery and Chemical Corp., termed the Mountain State's potentials unlimited but called on the state to look coldly at itself.

Prutton, whose firm operates the Westvaco Chlor-Alkali Plant at South Charleston and Ohio Apex, Inc., at Nitro, urged local groups to solicit aid from railroads, electric power firms, universities and any other agencies within the state and outside that might help in the development program.

E. J. Fox of New York City, vice president of Union Carbide Development Co., said that although there are weaknesses the climate for business in West Virginia is good.

Urges Tax Review

Fox suggested a review of West Virginia's tax structure.

Former Gov. William C. Marland proposed at one of four workshops that industrial plant areas be zoned, just as residential sections are zoned.

J. C. Zimmerman of Louisville, director of industrial development for the Kentucky Chamber of Commerce, said, "In our state, the communities that are succeeding are the ones that have taken an honest inventory of themselves."

The amount of money states put into community development has a lot to do with the results obtained, said William C. Campbell of Huntington, president of the Central-Ohio Valley Industrial Council.

Kentucky appropriates \$500,000 a year for its industrial development department, he said, while West Virginia put aside \$135,000 for this purpose in the coming fiscal year.

Air Cooling Units Bought For Getty

Board Accepts \$500 Proposal

The purchase of three air conditioning units for the office of State's Attorney James S. Getty in the Union Street County Building was approved yesterday by the County Board of Commissioners.

Three local firms submitted bids to the Board which accepted the \$500 bid of the Cumberland Electric Company, corner of Virginia Avenue and Second Street.

This includes the delivery price and installation in the office windows. The units will be three-quarter horse power. Clingan Electric Supply Company, 446 North Mechanic submitted a bid of \$525 for three units which did not include shipping charge or installation.

Sterling Electric Company Inc., 100 North Centre Street, submitted a bid of \$760 for three units. The installation work would have included changing multibreaker and extending cords to the air conditioners.

In other routine business yesterday Edgar Growden said that proposed work by the State Roads Commission may cause him to go out of business as the operator of a drive-in theatre on Oldtown Road just beyond the city limits.

He pointed out that when the SRC makes a new approach off the Oldtown Road, it will close the entrance to his theater. He has requested that the road not be closed. The matter was referred to Board Attorney Gorman Getty for study.

Mrs. Elinor M. Westerfeld, director of the County Welfare Board said she has received a letter from the Board of Mental Health concerning parents paying for the care of adult children at the State Hospital.

This also was referred to Attorney Getty for further action.

Hearing Held In Fire Case

Two local youngsters, who admitted setting fire to the Montgomery Ward warehouse on June 12, were given a hearing in Juvenile Court yesterday but disposition was withheld pending the outcome of mental examinations of the youths.

Magistrate Fred H. Anderson conducted the hearing and said he would not render a final decision in the case until the two boys could be examined by a local physician.

The two boys, nine and 11, admitted they set the fire when questioned last week by Fire Chief Virgil A. Parker. The boys said they were in the building in search of pigeons when they set the fire.

They said they used some paper and wood lying on the floor to set the fire and said they tried to put out the fire but when it got a headstart they decided to leave the building.

Nearby residents saw the smoke and called the firemen who were able to put out the blaze before it caused any real serious damage.

'Y' Camp Meeting Is Set Today

Camp Y's Way, a day camp sponsored by Central YMCA, will open today at 9 a. m. with enrollment meeting at the local 'Y.'

After a short orientation period, the youngsters will begin participating in the program which will continue daily for a two-week period.

Camp Y's Way will operate for four two-week periods and will close August 15. Each two-week period will have a central theme.

There are 35 children registered for the first period and additional youngsters may register prior to camp opening Monday morning.

The staff will consist of George Strachan, Ronald Riggs, Carole Ransom, Eugene Hare and Darlene Porter.

Board Blasts Health Hazards On Valley Road

Demands Removal Of Nuisance Soon

The Allegany County Board of Health has served notice on two residents of Bowman's Addition on Valley Road ordering them to eliminate health and fire hazards which prevail on the property where they live.

Following an investigation the board has decided old rags, trash and garbage located in the rear of one of the properties has become a health and fire hazard.

The occupant has been ordered to remove the nuisance from the lot and that it must be completed within 30 days or the occupant will be subject to penalties provided by law.

Sewage drainage from one of the properties is running onto county property and has become a health hazard. The occupant has been ordered to make necessary repairs according to regulations of the health department.

The occupant has been instructed to remove the sewage from the road in front of the property and keep it on the premises by means of a septic tank and fields.

Copies of order signed by Dr. Ton van Strien, county health officer, were given to the Board of County Commissioners, the fire chief of Bowman's Addition and also to J. Walker Chapman, supervisor of county roads.

Summer Season Makes Debut This Afternoon

The summer season makes its debut this afternoon on the longest day of the year.

About all the weatherman can promise is mostly cloudy skies with chance of scattered showers preceded by some drizzle in the east portion of the state this morning.

Temperatures are expected to reach the 73 degree mark. Robert R. Golden, weather observer here, said last night that over an inch and a half of rain fell in Cumberland yesterday.

Thirsty lawns and gardens welcomed the rain which fell steadily during the morning hours. A misty rain was falling during the afternoon and evening.

Skies were overcast during the day and the weather was anything but summer-like. The official high temperature yesterday was 62 degrees and the official low reading was 56 degrees.

Mr. Golden said 1.56 inches of rain fell here yesterday and the precipitation apparently was prevalent in the general area.

At 4:57 p. m. today the summer season begins.

Miss Jane Graney Is Seriously Ill

Mr. and Mrs. Edward V. Welsh, 7 Market Street, were called to Baltimore last evening due to the serious illness of Mrs. Welsh's sister, Miss Mr. Jane Graney, a former resident of this city.

Miss Graney is supervisor of nurses at the Baltimore Veterans Administration Hospital on Loch Raven Blvd. She suffered a stroke while on duty and has been taken to John Hopkins Hospital, where her condition is reported as serious.

West Virginians Get \$4,400,000 Wage Hike

WASHINGTON (AP) — With President Eisenhower's signing of the bill giving government workers a 10 per cent pay raise, the Civil Service Commission Friday gave these estimates of the increased annual payroll of federal employees, including postal workers, by states and cities:

West Virginia — 5,014 postal employees; 4,673 white collar employees; combined annual payroll \$48,400,000, up \$4,400,000.

Keach Follows One-Syllable Mayor Rule

J. Edwin Keach who will assume duties early next month as Mayor of Cumberland possesses one of the apparently prime requisites for the job — a one-syllable family name.

Mr. Keach will become the ninth mayor since the commission form of government was established here in 1910 and the sixth with a one-syllable name.

The other one-syllable mayors: George A. Young, 1910-1914; Thomas W. Koon, 1914-1932 and 1936-39; George W. Legge, 1934-36; Thomas S. Post, 1944-1952; and Roy W. Eves, 1952-58.

The three mayors with names of more than one syllable served a total of only seven years. What's more, although they contained two or three syllables they still were well-known easily pronounced names. They were George Henderson, the only three-syllable mayor, 1932-34; Harry Irvine, 1939-42; and Thomas F. Conlon, 1942-44.

8 Area Men Join Navy

Fluoridation Is Successful In Hagerstown

Cuts Tooth Decay Up To 75 Per Cent

The fluoridation of the Hagerstown public water supply has been eminently successful in reducing tooth decay up to 75 per cent among children, according to a joint report of the State Department of Health and the Washington County Health Department.

The statement is based upon comparing the results of a survey made in 1952, just prior to the initiation of fluoridation, with the results obtained during a second survey, completed recently, after six years of fluoridation.

Fluoridation of Cumberland water was approved by a resolution of the Mayor and Council on December 8, 1952. However the resolution has not implemented.

2,038 Children Involved

The latest study involved 2,038 children, ages 7, 9, 11, and 14 years, who have resided in Hagerstown six or more years. Among these children, tooth decay was approximately 30 per cent less than among the children of similar age groups examined in 1952.

"The overall reduction in tooth decay is considered good," said Dr. Richard C. Leonard, chief of the Division of Dental Health, State Health Department, "since the older children were of ages in which maximum benefit could not be expected."

By contrast, in the younger age group (7 year olds) the reduction was 75 per cent. This percentage of reduction is to be anticipated for all children who, from birth, drink fluoridated water, he said.

The benefit of fluoridation is further emphasized, he added, by the fact that in 1952 only three per cent of the children examined had no decayed teeth while in 1958 this proportion was increased to 11 per cent.

Commenting upon the comparison of statistics disclosed by two Hagerstown surveys, Dr. Leonard said:

"In addition to the fact that less pain and discomfort have resulted from the reduction of tooth decay among these children, Hagerstown has by six years of water fluoridation materially reduced the cost of dental care."

"From every standpoint, fluoridation has inexpensively and safely benefited Hagerstown as it has the more than 3,000 other United States communities using this preventive public health measure."

"However, it is important to remember that fluoridation does not completely assure freedom from tooth decay so it is essential that other dental health practices, such as mouth cleanliness and a proper diet be maintained for oral health."

The first of the two Hagerstown surveys was made among 1,826 children (ages 7, 9, 11, and 13) who from birth had drunk water in which the fluoride content was negligible—far less than the recommended amount of one part fluoride per million parts water. Within the past few months a second survey was made on 2,038 children of the same age groups who had drunk fluoridated water for at least six years.

Both surveys were conducted by Dr. Myron S. Baker, Washington County school dentist. The first was done under the direction of Dr. Perry F. Prather, who was then the county health officer and is now the director of the State Health Department.

Dr. W. Ross Cameron, who is currently health officer of Washington County, directed the most recent study.

Dr. Prather remarked, "In 1952 I was a strong advocate of water fluoridation, and studies such as this one in Hagerstown further convince me that fluoridation is an extremely beneficial and a safe public health measure."

Following early registrations, and executive committee meeting and a class initiation last night, the three-day convention of the Maryland Border States Moose Association will settle down to business today.

Two panel discussions this morning will point up plans for increasing membership and conserving the rolls of present lodges. The panel on membership will be moderated by J. Jay Stoehr, assistant regional director. The panel on conservation will be moderated by Ray Hart, deputy director of conservation.

Both panels will be held in Room 204, Fort Cumberland Hotel. The first is scheduled for 10:30 a. m. and the second for 11:15 a. m. Both are open to members and delegates.

The Women of the Moose, who are holding their conference sessions at the Moose Home, Beall Street, while the men's lodges are meeting at the Fort Cumberland Hotel, will hold a general session beginning at 10 a. m. They will adjourn their conference, however, to participate in the annual Memorial Service with the men, in the hotel ballroom at 12:45 p. m. Rev. H. M. Richardson, rector of Emmanuel Episcopal Church, will deliver the memorial address.

The opening business session and roll call of delegations will be held in the ballroom at 1:30 p. m. The women will hold ritualistic services at 2 p. m. for honor chapters at the Moose Home.

Mayor Roy W. Eves will welcome the Moose to the city at the afternoon session. Nominating committee reports and other reports will be heard.

At 7 p. m. today, Moose and Women of the Moose will meet again for a banquet in the Fort Cumberland Hotel ballroom. This will be followed by dancing at 9 p. m. featured by a floor show at 10 p. m.

A breakfast hour for delegates is scheduled for 9 a. m. Sunday at the hotel, followed by the final business session and election. The final event of the convention will be a Sunday luncheon at 1 p. m. for new association and district officers.

Church Plans Bible School

First Evangelical United Brethren Church will begin its annual vacation Bible school Monday at 9 a. m. and continue until July 2.

Classes for the eight-day period will be held daily from 9-11:30 a. m. and will include Bible study, stories, handicraft, music and recreation. Dr. E. E. Miller, pastor, will serve as dean and Mrs. Norma Lee Smith will be director of the school.

The school will be concluded with a program and presentation of attendance certificates on July 2 at 10 a. m. Workers in the various departments will be:

Kindergarten — Mrs. Beatrice Linaburg, Mrs. Jean Warren, Mrs. Freda Green and Mrs. Helen Nesbitt. Primary — Mrs. Betty Sue Wilson, Mrs. Jackie Carlton, Mrs. Shirley Goss, Mrs. Grace Shelly, Mrs. Alma Johnson, Mrs. Thelma Long and Mrs. Vernon Wharton.
